5:00-6:30
Sunday, June 24

The Habitat House is coming.

The final approval has come for the Habitat House lot at 10 2nd Street in Inman Mills. Work should begin in June. We will communicate soon to you about specific work days so you can make your plans.

Continue to pray for this project as we *give hope* to our community through this work. Thanks again for your generous financial giving that makes this house possible. I know we will give just as generously with our time and talents as we work on the construction of the house.

Paul Moore
