New Year Consecration

January 10 – 31, 2011

I - A Call to Fasting:

Entering a new year provides a great opportunity to begin something new. The 2011 New Year Consecration is about refocusing, prioritizing and advancing the Kingdom of God. Jesus is the King of the Kingdom and He desires to rule and reign over every area of our lives. While it is only human to live by our own agendas and try to be independent of God, this consecration is a time for us to set our hearts on the Lord and His agenda for our lives.

II - Why does Abundant Life fast as a church?

Fasting will bring us into a deeper, more intimate, and powerful relationship with the Lord by helping us develop discipline and sensitivity to his spirit. By removing foods from our diet, it trains us to exert self-control over our physical selves so we can cultivate the discipline necessary for spiritual growth. Furthermore, as we cut out distractions and press into God, our spirit becomes uncluttered by the things of this world and more sensitive to the Lord. Through fasting we put ourselves in a position where we can gain a greater sense of purpose and focus individually and collectively. Our desire is that this fast will move all of us to a new level of faith and fruitfulness.

III - When and how long is the fast?

Beginning on **Monday, January 10, 2011 – Monday, January 31, 2011** the Abundant Life Church will observe a 21-day fast.

IV - Types of Fasts:

During the New Year Consecration we are asking everyone to fast in one of three ways: a partial fast, a Daniel Fast, or a liquid fast.

- 1) Daniel Fast: A Daniel fast is when you give up all animal products, sweets, processed food and caffeine, maintaining a healthy diet of whole grains, fruits and vegetables. In depth-guidelines for a Daniel Fast can be found on page 5.
- 2) Partial Fast: A partial fast is when, instead of restricting the food you can eat, you restrict the time you can eat it. For example, you may choose to skip lunch each day or choose to not eat between the hours of 6am and 6pm.
- 3) Liquid Fast: A liquid fast is when you only consume liquids. Depending on the guidelines you set for yourself, liquids may include items like smoothies and protein shakes or be as restrictive as clear liquids or water.
 - a. Note: If you do a liquid fast be sure to drink at least 2 quarts of water a day. It is also wise to take vitamins and mineral supplements.

V - What should I consider when I fast?

A - Physical Considerations:

Fast Responsibly: While we are asking you to make a genuine sacrifice and encourage everyone to push themselves physically and spiritually during this fast, you must also consider your body and what you can handle. In considerations of medical conditions, pick a fast that is both sacrificial and safe for you.

If you are in poor health or have concerns about your physical ability to fast, please consult a physician before beginning. Your doctor can provide advice on how you can participate on this fast in a way that is healthy for you. Also, *do not hesitate to contact your doctor during the fast if you are experiencing symptoms in need of medical attention.*

Preparing for the fast: You will have less difficulty adjusting to the fast if, in the days before, your diet reflects more closely the restrictions of the fast. For example, if you will be doing a Daniel fast, eat less meats and sweets in the days leading up to it and limit your caffeine intake. If you are doing a liquid fast, eat smaller portions.

Drink plenty of water: Fasting has incredible health benefits as it cleanses your system and releases toxins from your body. Once released, however, these toxins need to be flushed out, if not, they can cause headaches. Drinking water will help keep you hydrated, eliminate these toxins, and reduce or resolve headaches.

Stay away from sugar and caffeine: No matter what type of fast you partake in, it is recommended that you stay clear of foods that are high in fructose and caffeine. Because of the effect these foods have on your metabolism and body functioning, they can cause headaches and eventual energy depletion which is intensified during times of fasting.

Don't overexert yourself Physically: When fasting keep in mind that your body may not be able to function optimally. As a result, while exercise is encouraged, don't overdo it, save strenuous workouts for another time. Similarly, make sure you get plenty of rest.

Breaking the fast: When you break the fast, do so gradually. For example, if you haven't eaten solid food for three weeks, your first few meals should gradually reintroduce solid foods that are easier to digest, like fruits and vegetables. If you were on the Daniel fast, your first meal(s) back should contain smaller amounts of animal products. If you reintroduce items that you have not eaten for three weeks too suddenly or in larger quantities, you may get an upset stomach.

B - Spiritual Considerations:

Remember that the purpose of fasting is not simply to conquer one's physical desires, but to hear from and be changed by the Lord. This can only happen if one is spending time with him in prayer and scripture reading. Fasting without prayer and Bible reading is little more than a diet. Don't just go on a diet, rather let your sacrifice enhance your spiritual disciplines and deepen your relationship with the Lord.

VI - Will we come together?

Yes! During the fast we will be encouraging everyone to join us for Saturday Morning prayer from 8:00am to 9:15am. This will be the designated time to corporately pray for the fast. It is important that you sacrifice and make time to worship, pray and fellowship especially during times of fasting. Doing so enhances the effectiveness of the fast, making your sacrifice more fruitful. It is the fruit of the fast, the ways in which God teaches and transforms you, that boost your faith and give you power to accomplish God's plan for your life.

VII - What should I focus on during the 21 days?

Below is a prayer list of items to focus on for the next three weeks. We encourage you to join with us in prayer on Saturday mornings. Praying together in agreement is powerful and effective.

Food for Thought: Ideas to Enhance your Daniel Fast

Fasting takes a great deal of discipline, and sometimes, it can be made even more difficult when we have trouble finding food we can eat. After we eat the same dish over and over, it can be tempting to break the fast just to add variety to our diet. Below are some suggested meals to get you thinking about the possibilities you do have while allowing you to be faithful to the fast.

Breakfast:

- Oatmeal cooked with your choice of fruit (e.g apples, bananas, raisins)
- Whole wheat cereal or granola with soy milk
- Fruit salad
- Protein shake
- Fruit smoothie made with silken tofu instead of yogurt

Salads:

- Garden salads: consider topping with beans, nuts, or fruit for more substance & variety
- Whole-wheat pasta salad
- Three-bean salad
- Tempeh Salad

Soups:

- Vegetable, minestrone, or bean soup
- Vegetarian Chili
- Carrot ginger, sweet potato or butternut squash soup

Sandwiches:

- Hummus, vegetables, tempeh, and/or tabouli in a whole-wheat pita or wrap
- Falafel
- “Sloppy Joes” made with beans, tofu, or tempeh instead of meat
- Veggie, bean, tofu, or portabella burgers with baked potato wedges

Meals:

- Vegetable stir-fry
- Vegetable curry
- Indian lentils or chick peas with brown rice
- Corn, beans, onions, peppers and seasoned brown rice
- Vegetable fajitas in whole wheat tortillas
- Tacos made with chick peas or refried beans instead of meat
- Vegetable primavera or hearty vegetable marinara sauce on whole wheat pasta.
- Vegetarian casserole
- Maki rolls made with vegetables &/or marinated tofu and brown rice
