

## ABMR 2016 Schedule

### Wednesday, June 22

- 6:00 – 7:00 Cocktail Reception  
7:00 – 8:30 Dinner  
8:30 – 9:30 New Members Ceremony: Anna Marsland  
***(Weather permitting, Weds events to be held on Grill & Vine patio)***

### Thursday, June 23

- 7:30 – 8:30 Breakfast  
8:30 – 10:15 Symposium 1: Preconception and Pregnancy  
10:15 – 10:45 Coffee Break  
10:45 – 12:30 Symposium 2: Childhood and Adolescence  
12:30 – 4:00 Lunch on own, free time  
1:00 – 3:00 Executive Committee lunch ***(Grill & Vine Restaurant)***  
4:00 – 4:45 Neal Miller Award: Lisa Christian “Psychoneuroimmunology in Pregnancy”  
4:45 – 5:30 Lifetime Achievement Award: Neil Schneiderman “Sociocultural factors, neurons and health disparities: From Brooklyn to Whistler”  
  
6:00 – 7:00 Cocktail Reception  
7:00 – 8:30 Dinner  
8:30 – 9:30 Evening Address: Joel Dimsdale “Psychiatry and Psychology studying war criminals: The back story of Nuremberg”

### Friday, June 24

- 7:30 – 8:30 Breakfast  
8:30 – 10:15 Symposium 3: Brain Development  
10:15 – 10:45 Coffee Break  
10:45 – 12:30 Symposium 4: Cardiometabolic Disease  
12:30 – 2:00 Lunch at hotel  
2:00 – 3:45 Symposium 5: More Cardiometabolic Disease  
3:45 – 4:15 Coffee Break  
4:15 – 6:00 ABMR’s Future: Susan Czajkowski, Ken Freedland, Dawn Wilson  
6:00 onwards Dinner on own, free time

### Saturday, June 25

- 7:30 – 8:30 Breakfast  
8:30 – 10:15 Symposium 6: Cancer  
10:15 – 10:45 Coffee Break  
10:45 – 12:30 Symposium 7: Policies and Interventions  
12:30 – 6:00 Lunch on own, free time  
6:00 – 7:00 Cocktail Reception  
7:00 – 8:30 Dinner  
8:30 – 10:00 Presidential Address: Greg Miller “Early life disadvantage and physical health across the lifespan: Pathways, moderators, and puzzles”

***All sessions will be held in Emerald Ballroom A.  
All group meals in Emerald C, unless otherwise noted.***

### **Symposium 1: Preconception & Pregnancy**

**Moderator: Chris Dunkel-Schetter, Ph.D.**

Ann Borders, M.D., M.P.H. Northwestern University	Maternal stress exposure across the life course: exploring key pathways to adverse birth outcomes
Lisa Christian, Ph.D. Ohio State University	Stress, race, and immune dysregulation during pregnancy
Mary Coussons-Read, Ph.D. University of Colorado, Colorado Springs	Maternal mood in pregnancy: Effects on prenatal HPA and inflammatory activity
Pathik Wadhwa, M.D., Ph.D. UC Irvine	Fetal programming of the telomere biology: A Novel Pathway linking developmental conditions in early life to inequalities in health and disease risk

### **Symposium 2: Childhood & Adolescence**

**Moderator: Dan Mroczek, Ph.D.**

Edith Chen, Ph.D. Northwestern University	Moderators in childhood socioeconomic status and health relationships
Anna Marsland, R.N., Ph.D. University of Pittsburgh	Findings from a school-based stress management intervention for low income, urban children with asthma
Rosalind Wright, M.D. Mount Sinai	Perinatal stress and developmental programming: What does sex have to do with it?
Tim Oberlander, M.D. University of British Columbia	What can prenatal exposure to antidepressants teach us about child development?

### **Symposium 3: Brain Development**

**Moderator: Greg Miller, Ph.D.**

Jamie Hanson, Ph.D. Duke University	The importance of reward processing in understanding risk and resilience after early life stress
Margaret Sheridan, Ph.D. University of North Carolina	Neurobiological consequences of adverse early experiences: Dimensions and pathways
Pete Gianaros, Ph.D. University of Pittsburgh	Neurobiology of socioeconomic health disparities
Scott Hofer, Ph.D. University of Victoria	The role of educational experiences in lifelong health and cognitive aging: A brief review of what we might know

#### **Symposium 4: Cardiometabolic Disease**

**Moderator: Ken Freedland, Ph.D.**

Douglas Bremner, M.D. Emory University	Mechanisms of Stress, PTSD and depression in increased risk for cardiovascular disease
Christopher Coe, Ph.D. University of Wisconsin	Lessons from Japan about health, culture, and the biology of aging
Edward Suarez, Ph.D. Duke University	Race differences in the relation of micronutrients to early risk markers of cardiometabolic diseases
Joachim Fischer, M.D., M.P.H. Heidelberg University	One good year added for every citizen

#### **Symposium 5: More Cardiometabolic Disease**

**Moderator: Jim McCubbin, Ph.D.**

Tené Lewis, Ph.D. Emory University	Expectations of discrimination and cardiovascular risk in African-American women
Elizabeth Brondolo, Ph.D. Saint John's University	Racism, self-regulation and smoking: Examining contextual effects
Craig Ewart, Ph.D. Syracuse University	Chronic agonistic striving and faulty response modulation: How self-regulatory dysfunctions link world, mind, and heart
Viola Vaccarino, M.D., Ph.D. Emory University	Gender inequalities in cardiovascular disease: Is there a role for psychosocial stress

#### **Symposium 6: Cancer**

**Moderator: Steve Cole, Ph.D.**

Steve Cole, Ph.D. UCLA	Clinical translation of basic psychoneuroimmunology research to cancer
Frank Penedo, Ph.D. Northwestern University	Technology-supported psychosocial interventions in oncology
Julie Bower, Ph.D. UCLA	Risk and resilience in cancer survivorship
Jennifer Knight, M.D. Medical College of Wisconsin	Social disparities in cancer: a molecular biomarker and pharmacologic intervention in HSC transplantation

**Symposium 7: Policies and Interventions**

**Moderator: Edith Chen, Ph.D.**

Gene Brody, Ph.D.  
University of Georgia

Resilience to adversity and the early origins of disease

Dawn Wilson, Ph.D.  
University of South Carolina

Bioecological determinants of health promotion in ethnic minorities

Lynda Powell, Ph.D.  
Rush University

A multilevel intervention to reduce heart failure hospitalizations in low-income African Americans

Richard Sloan, Ph.D.  
Columbia University

Adoration of the vagi
