LIVING SACRIFICES

"Love must be sincere" Romans 12:9

Too often the world tries to tell us who we are or who we should be. Unfortunately the same goes for the church. It's so easy to get hung up on the external things and the signs of inward growth and change that we forget what we're really about.

For example, growing up in my house, a right of passage for every "man" was killing his first deer! My father owned his own sporting goods store, loved to hunt and fish and often took me along with him. My inclusion into the Martin family "man club" seemed but a mere formality. Except...I didn't like to hunt. For years I thought that I was somehow less of a man, not because anyone had said so, but because I fell into the trap of thinking I had to look and act like everyone else.

We can do the same thing in the church at times. The Apostle Paul is quite clear in chapter 12 of Romans that our good works are a response to God's grace at work in our lives. That's something we all share in common, but the ways we go about this, or how we show our love for others, must be true to who we are as individuals. In other words, our love must be sincere! So join us today as we conclude our series on Romans and learn how and why our faith enacted will necessarily be unique to who we are.

Welcome, VISITORS!

Thank you for joining us for our worship service and making Adirondack Community Church a part of your worship today. We hope you find the worship to be meaningful, the people to be friendly, and your time to be well spent.

At Adirondack Community Church we welcome all who are sincerely seeking, regardless of where you find yourself in your journey. We encourage people to come as they are, affirming that God meets us where we are and brings us along the way.

Whether this is your first time with us, or this is the church you call your own, we invite you to continue worshipping with us in the future.

May God bless you and your loved ones this day and each day going forward!

What We Believe

...the living core of the Christian faith is revealed in scripture, illumined by tradition, vivified in personal experience, and confirmed by reason.

...the one God we worship exists fundamentally within a community of the three persons of Father, Son and Holy Spirit.

...God's son, Jesus, came to live among us as fully divine and fully human. His life, death, and resurrection points to and fulfills the good news of the freedom from sin and death, which we proclaim.

...we share one mission with Christians throughout time, to make disciples of Jesus Christ.

...it is into community (koinonia) that we have been called to coexist and through this community that we are able to truly manifest the body of Christ.

...wherever you are on your journey, we are here for one another!

*"In Essentials Unity, In Non-Essentials Liberty,
In All Things Charity."*

They're baaaak!

Black flies, mosquitos, no see-ums (to name a few) are here. There is so much info on insect bites that I could fill the bulletin, so I'm just going to briefly talk about treating your bites.

A few prevention ideas

Don't leave standing pools of water around. They can become breeding grounds for these monsters that are most active at dawn and dusk. Protect yourself during these periods. Long sleeve shirts & pants, wear a hat too. Some plants repel insects. Yarrow is one.

Use insect repellants

Read the instructions carefully and follow the recommendations. Try and find a safe one for you and your family.

If you do get bit

Prevent the bites from getting infected, clean them! Soap and water is always a good choice!

There are numerous remedies for the pain and itching also.

Benadryl sticks, sprays, lotion and oral tablets.

Calamine lotion

Home treatments: honey- has anti-bacterial properties, aloe plant or lotion, alcohol, Preparation H; aspirin or baking soda paste; mouthwash and my favorite, witch hazel.

The list goes on and on. You probably have your own favorites too.

Most important, if you are being bit, be sure and check your children and your pets as well. They are also targets!

If any bites appear infected see your doctor and if you'd like more info, get on your computer. There are tons of articles there.

Have a fun and hopefully bug free summer,
Judy

Work Camp this week in Mescalero, New Mexico!

Please remember to pray for our youth and the adults who are going on the work camp trip this week.

There will be planes, rental vehicles and all sorts of things that can be prayed about! Work camps are high-energy environments for serving people and communities in need through home repair, while Jesus radically transforms lives. Hundreds of students from youth groups across America come together for six days to repair and transform homes—and to strengthen and transform their own faith. What a great opportunity to show the hands and feet of Jesus!
