

Cradle Care

Cradle Care is a newly developed program that will provide care during the pregnancy, when the baby is born, and the full year after the birth. During all three stages meals will be provided by myself or Joan Schell when needed, childcare if you have younger ones...we have a few who go through AUMC Child-care Training that may be provided to your need, and anything else you may need help with.

Mission Statement

Recognizing that the anticipation of a new baby through pregnancy or adoption is a crucial transition time in any family, the Cradle Care ministry seeks to minister to expectant families through 1) prayer, 2) one-on-one relationship, and 3) providing additional resources. As in all Aldersgate ministries, the ultimate goal is to draw families into a growing relationship with the Lord.

Before the Birth of the baby

Before the birth of the baby we would like to....

- Make contact with you to find out your due date
- Provide support as needed
- Provide meals if needed
- Check-ins once a week
- Be available 24/7 in the event of an emergency
- Childcare for older or younger ones if needed
- Keep in prayer

During the Birth of the Baby

For the birth of the baby we would like to....

- Make a visit when the baby is born
- Provide a meal for your new family when you get home
- Provide baby bucket from the Children's Ministry details the programs offered at Aldersgate
- Provide information about valet service at Aldersgate on Sundays
- Keep in prayer

The Following Year After the Birth

In the year following your child's birth we would like to....

- Provide support as your child grows
- Provide meals in difficult times as needed
- Help scheduling baptism
- Assist with any other needs or concerns you have
- Keep in prayer
