Dear Allstar Restoration,

I am writing you this letter to affirm our position regarding our satisfaction with Allstar Restoration.

As a pastor I am looking out for the well being of our church. There was never a doubt as to who we would use once I met the representatives from Allstar. When I met Corky and Jeremy the first word that came to mind is "Integrity." For the first thirty minutes of our meeting we just talked about the ministry of the church and our vision. How refreshing this is for me as a pastor to know there is a contractor who is concerned not just about the bottom line but about who we are as a church.

You gave guidance to both me and the church board throughout the entire process. When construction began you were onsite to ensure everything ran as smoothly as possible. As the process continued you listened to our needs.

Our church was built in 1964 and had not been remodeled since 1974. For over 30 years we were lost in time. Our foyer was small and what can I say about the men's restroom being in the front entry. But Allstar changed all this. Working directly with Jeremy we were able to redesign the layout of our foyer and expand the room to add warmth and make it a place more inviting to the public.

Our sanctuary was beautiful before the hurricane but it lacked something that we could never figure out. Corky came in and helped us redesign the sanctuary by expanding our platform and giving us an inset for our pulpit. He also suggested taking the one single entry door and adding double doors on each side of the soundbooth. This made our sanctuary more serviceable for weddings and special events and allowed us to position our chairs to make two aisles.

For six months we had been having service in our fellowship hall due to the storm. We had tired and weary members which had been devastated by lack of progress due to our insurance company not wanting to accept the claim. But when Allstar Restoration stepped in they brought to us a sense of hope and helped us contact our insurance company with the proper information which led to our carrier paying the claim. Truly you lived up to both parts of your name. You will always be Allstars in our book. And you definitely brought Restoration to not only our building but to our Spirits and the life of the church. Thank you for all you did. If we ever need construction or restoration services in the future you will be the first ones I call.

Because of Calvary,

Pastor Steve Hammond
