

EVER SO SLIGHTLY *Refined*

In addition to beautiful beaches, Amelia Island is also known for upscale art galleries and talented artists who call this island home. On the second Saturday of each month, participating galleries host art events and open houses during the second Saturday Artrageous Artwalk to showcase their resident artists. Locals and tourists alike can enjoy the various types of art that each gallery has to offer as well as meet the artists. Photography, pottery, copper, metal, fused, as well as stained glass, watercolors, acrylics, oils and batik are just a few of the varied media you can expect to see.
