

# AMELIA ISLAND'S NATURAL BEAUTY LEAVES A LASTING IMPRESSION.

**LEAVE ONLY YOUR FOOTPRINTS.  
UNATTENDED BELONGINGS MAY  
BE REMOVED AND DESTROYED.**

When day is done and the sun drifts into the horizon, please leave the beach just as you found it. Remove all belongings, fill in holes and smooth out sandcastles. All of these can be dangerous obstacles to sea turtles and other visitors. Articles left unattended after sunset may be removed and destroyed.

# REMOVE THESE ITEMS BEFORE YOU LEAVE

Chairs and  
Umbrellas

Grills

Towels and  
Beach Sheets

Coolers

Cups, Plates, and  
Silverware

Tents and  
Canopies

Food Packages  
and Containers

Magazines  
and Books

Beach Toys

Phones

## RULES FOR TURTLE SEASON

- Clean Up: Food items can attract foxes and raccoons that prey on turtle eggs
- Make Way: Sandcastles, grills and chairs pose obstacles too large for turtles to go around
- Fill In: Nesting mother turtles and their hatchlings can easily fall in holes and become trapped
- Turn Off: For beachfront homes, keeping shades drawn and lights dim prevents turtles from losing their way (*P.S. It's the law*)
- Look On: If you see a hatchling, look but don't touch! Join a nest excavation with the Amelia Island Sea Turtle Watch
