

Home Church/Small Groups

Small groups are designed to help members find connection and significance. Discovering authentic friendships and knowing that you matter, is important to us. As our church grows, the more crucial it will become to connect people to one-another.

The "small groups" at Arlington allow people to be the most effective in the following ways:

- It allows the maximum amount of members to exercise their spiritual gifts.**
- It helps our shepherds maintain a knowledge of members' well-being.**
- It helps members connect (discover authentic friendships).**
- It encourages members to become externally focused by being challenged to work together in community projects.**
- It helps members connect with the friends in their own neighborhood.**

Currently our small groups or home church gatherings are geographically based and blended age wise and meet the second Sunday of each month at 6 p.m. We feel that it is important for the young and old to be growing and sharing in Christ together. For more information, please contact the church office at 523-1764.
