***Raising and Releasing Revivalists Who Bring Heaven to Earth!***

The overall ministry at ACC involves a focus of equipping believers with the tools to develop healthy interaction and to build bridges between people. Helping people recognize their personal talents, gifting, and purpose as well as encouraging Christians to develop these strengths is a central theme at ACC.

### ***Training Leaders***

We desire to help equip every believer for a powerful ministry by helping them find their gifts and callings from God. It is our vision to train leaders to serve in the Body of Christ who will fulfill their intended role in their family, local church, community, and world. We want to help develop people of integrity and character who will remain faithful to what the Lord has called them to do and who will live in a way that brings honor to God and draws sinners to Christ.

# More than a school

This is more than a school, it's a Holy Spirit journey into the realm of the impossible, a heavenly adventure where no one dare travel without God. In this haven of love, students will learn how to minister with power and naturally walk in signs and wonders, through the use of the Bethel School of Supernatural Ministry DVD Curriculum created in Redding California under the direction of Bill Johnson. We are in the midst of the greatest revival in human history. Yet, there remains a distance between what should be and what will be. That distance is you! What will you be? You are the bridge between history and His story. You are the sons of the prophets.

## Mission

Athens Christian Center School of Supernatural Ministry (ACCSSM) has a mission to equip and deploy revivalists who passionately pursue worldwide transformation in their God-given spheres of influence. We are training and equipping a generation to bring the love and power of Jesus into the darkest places of planet Earth and establish Holy Spirit fortresses there. At ACCSSM you will find a safe place, with a loving atmosphere to take risks free from the fear of rejection. It is time for the fire of God to burn up the works of his enemy (the devil), and warm the hearts of the lost. This mandate has become our mission. Let the journey begin.

ACCSSM is committed to the truth that God loves people. He gave Himself for them and has given His church supernatural power to bring individuals and nations into wholeness. God is in a good mood! Our school emphasizes that believers need to return to the ministry of signs and wonders, as they minister in love, truth and the power of God.

## Student Life

The school is designed to equip students who cannot go to school fulltime and cannot relocate to Redding, CA. All classes are held in the evening allowing students to work fulltime. Students are taught to live the supernatural lifestyle in an honorable way at work where it becomes their mission field. Most outreaches are also held in the evening, but not all. Students will be invited to participate in an annual overseas mission trip where they will experience extraordinary miracles. All students will be participating in missions week whether at home or abroad. We believe the "intensity" soon translates into "becoming"; things that are at first foreign and done out of duty gradually become second nature and students move from merely echoing a message to becoming a message.
