2013 Summer Opportunities List

Thank you for your interest in serving as a Summer Missionary with the North American Mission Board! You are embarking on a journey that will have a lasting impact on your life and eternal impact of the lives of others. The following pages are the many different opportunities for service. As you read through them, please remember the following:

- The dates of projects may be flexible. Contact the local supervisor to determine if there is flexibility in the start or end dates.
- Feel free to contact the local supervisor if you have any questions or need more information about the projects.
- Completed applications, including references, are due by April 1, 2013. The sooner you complete your application the more likely you are to receive one of your top three choices.
- Click [here](#) to apply online. **You must use Microsoft Explorer to do an online application.** Please email studentmissions@namb.net with any questions.
- More information, including qualifications can be found at www.namb.net/student-opportunities.

Choosing a project from so many choices can be overwhelming. Figuring out where to serve is part of the adventure! Start by praying about it and being willing to say “yes” to whatever project God leads you to—before you make up your mind about where you want to go.

Think about your gifts, passions and life experiences. Do they line up with the needs of any specific projects? Would you be able to get excited about and stay committed to the work that needs to be done there?

Also, think about the location of the project. Do you want to serve in a major city with a great diversity of people and cultural experiences? Or do you feel God may be calling you to serve in a suburban or even rural area?

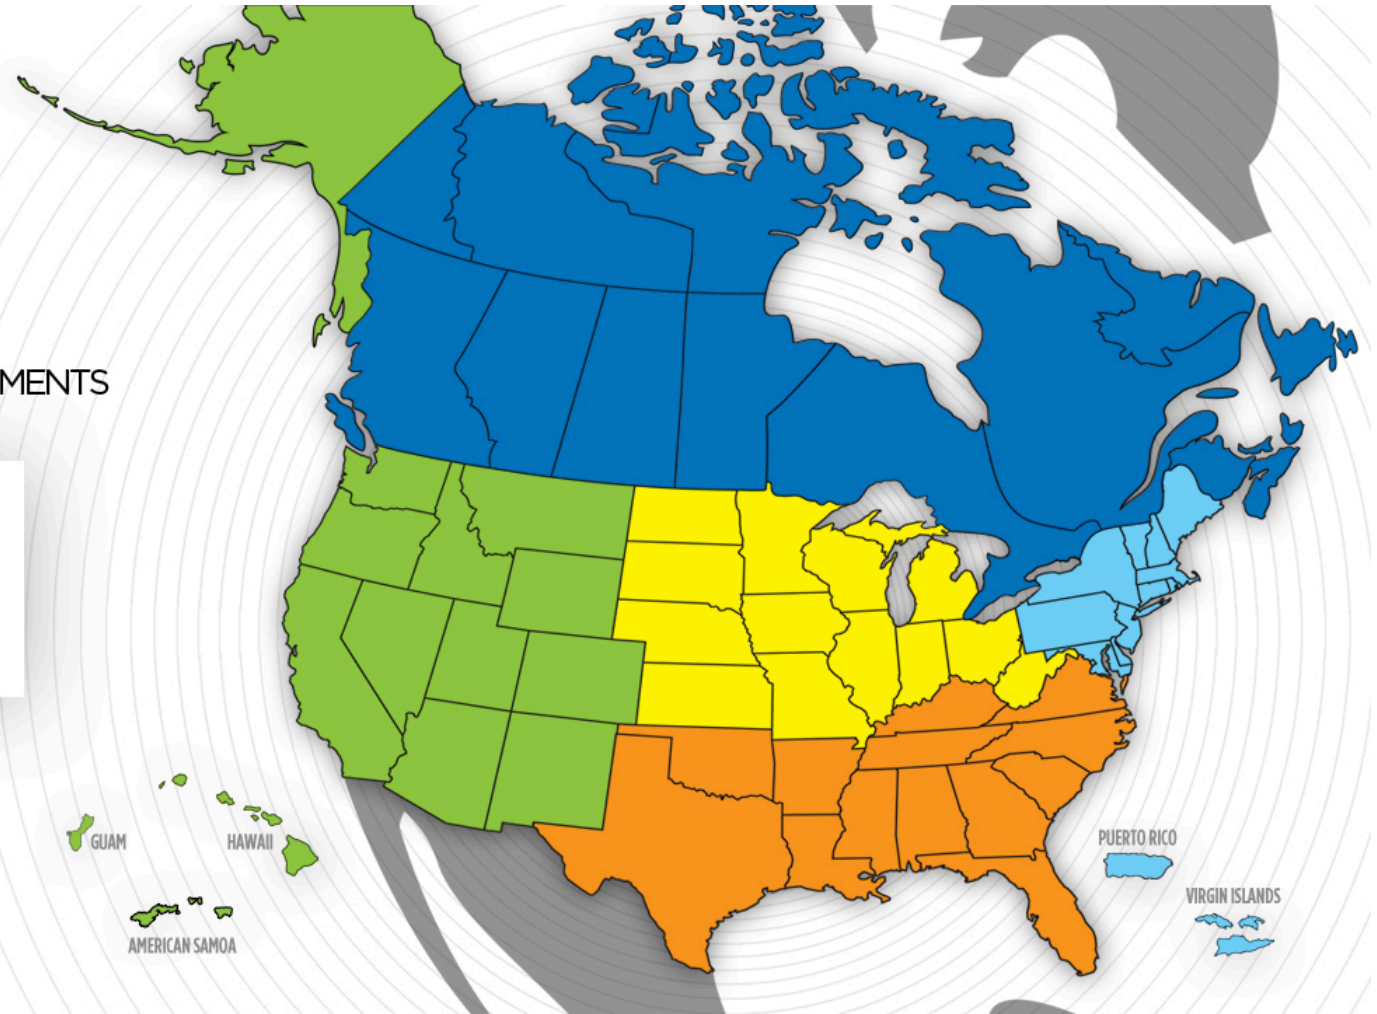

You will be asked to list your top three choices for projects on your application. Our staff will work with you and the field partners to place you in a project that matches your specific gifts and interests.

Please contact our Missionary Mobilization team if you have any questions. Call 1-800-462-8657 or email studentmissions@namb.net.

Current Canada British Columbia

CD01

Project Description

Through “Current,” students partner with church planters across Canada to impact a culturally diverse nation that is less than 10% evangelical Christian. Students will work in a team dynamic, using their unique skills, gifts and creativity, to explore and engage communities with little or no church presence. We are looking for adaptable, innovative, hard-working self-starters who like a challenge. Students need to be comfortable initiating spiritual conversations and need to be intentionally relational. Students will have an orientation and will work with a supervisor, but the teams will be expected to manage their time well without being given a structured schedule. By prayerfully developing and implementing strategies to further the vision and work of church plants, Current students co-labor with Jesus to expand the kingdom of God across Canada.

Tabor Baptist Church

CD08

Project Description

Tabor Baptist Church is located in Winnipeg, Canada (pop. 700,000). We are a "special ops" unit called by God to bring the gospel to people that have been difficult to reach out to. People that feel called to join this unit must have a strong love for others and a willingness to exercise their faith among various cultures (ie. operation of a Punjab Sikh only basketball camp). Students will need to fund raise \$500 per month to be used in the fulfillment of the mission. This is a position that calls a person to stretch and test their faith. If you choose to accept this mission your Christian life will be irreparably altered - the few, the weak, the humble.

Chinese Christian Gospel Church

CD12

Project Description

Chinese Christian Gospel Church is located in Greater Vancouver, Canada. The purpose of our ministry is to reach new immigrants community from China for Christ. We currently have four church plants and we are planting in four different locations over Greater Vancouver. Student missionaries will help us to reach and disciple the next generation kids in the community through Sunday school, block parties, summer camp, youth groups, ESL classes, etc. From our past few years' experiences, We've seen many of the student missionaries blessed by their multicultural experiences in Greater Vancouver. Many of them are now either engaging long term ministry or studying in seminaries to prepare for future ministry. They have developed long term dynamic friendship with our local members. Student will also benefit from their experience in church planting among Asian community. Vancouver is now seen as an international and multicultural mission field, which has brought the whole world to the city, and hence become a potential sending city to the whole world. Chinese Christ Gospel Church has already baptized 500 people from all except one province of China; members who already returned to China settled down in most of the provinces are now missionaries to their homeland.

Renaissance Church Sherbrooke; CSSM – Camp Livingstone

CD13

Project Description

The Student Missionary will serve as a camp counselor at Camp Livingstone in Quebec working in partnership with Renaissance Church. Camp Livingstone and Renaissance Church plant are partnered in a desire to evangelize the Quebecois. As a member of Canadian Sunday School Mission (CSSM), Camp Livingstone exists as an inter-denominational, Bible camp to present the Gospel to those having the least opportunity to hear of Christ, especially children and youth, and disciple believers for living and serving through His Church. To obtain these goals, we operate a 6-week residential summer camping program for approximately 450 children, teens and families, mostly from low-income families. For 3 weeks in June, we receive an additional 600 children through school groups.

Tongass Baptist Association

AK02

Project Description

Tongass Baptist Association will utilize 4 missionaries in 6-9 places to help with, or conduct VBS, help with and teach at children's camp, prayer walk and outreach efforts to discover new work opportunities and work with ongoing new work sites in several places. Canvas new communities as churches request to discover new plant possibilities. They will be involved in worship services and teaching as requested within local churches. Through these efforts they will learn more how to be diverse in worship leading and various ministry settings and opportunities. They will be responsible for the block party kit as it is used in several places and be involved in outreach efforts and block parties. They will be encouraged to share the Gospel one on one at least twice each week outside the church setting. Through this experience they should better understand God's plan for their lives and experience firsthand what missions is and how missionaries adjust and work on a daily basis. They will have many opportunities to grow in their faith and challenged in where and how they serve.

LaVerne Griffin Youth Camp

AK05

Project Description

LaVerne Griffin Youth Recreation Camp is located in Wasilla, Alaska. The purpose of the camp is to provide a place for children, youth, and adults to hear the Word of God and experience His love through a relaxed, fun, and safe camping experience. Our prayer is to see souls saved and lives changed. Summer missionaries are a vital part of the ministry. They will be a part of all aspects of the ministry (daily/routine cleaning, grounds maintenance, food preparation and service, after meal cleanup, working side-by-side with mission teams, serve as a part of the leadership team for 4 to 5 weeks of kids camps (Girls Camp, Boys Camp, Youth Camp, AK Native Youth Camp, Graceworks Camp) , as well as serve other churches/civic organizations that use the camp as a retreat center. Summer missionaries will also be asked to lead staff and camper devotions. It is very important to note that much of what we do is behind-the-scenes and flexibility is a must. The work is not physically demanding, but we serve long hours when groups/retreats are in session. Summer missionaries are expected to work well with others, follow instructions, show initiative, work independently without constant supervision, communicate with others (good people skills), and be willing to try new and different things.

Project Description

The missionaries will be doing a variety of ministries over a large geographical area. This means that they will be experiencing many different kinds of ministry settings and personalities, as can be seen in further points below. We have never had anyone complain about being board! The net effect of the summer is very well rounded in areas of VBS, music if the missionary is so-inclined, opportunities to teach, to co-lead, to serve real people with real personalities real needs and a real love of the Lord. The missionary will experience a deeper prayer life and deeper life of worship and service; they will return home a changed person.

Project Description

The most exciting part of service during the summer has been the experience of seeing children come to Christ while at our two week long camps and several Vacation Bible Schools. They will take part in 4th of July activities. They will work in approximately 5 churches along the North Coast of California that includes living redwood trees that are so big you can drive a full size car through tunnels through them. Beautiful beaches and cool weather give opportunity for great opportunities for service in a great environment.

Project Description

Our missionaries will serve in a beautiful San Joaquin Valley of California as they assist churches in evangelizing children and their families through various ministry opportunities. They will be responsible for leading Bible Studies in different churches every week in Kern County as they assist churches in Vacation Bible School, Backyard Bible Clubs, and youth events. Many of our churches are located in poor economic areas and need someone to show them the love of Jesus in spoken throughout our churches. Our missionaries will not only utilize their spiritual gifts this summer, but they will also serve as co-laborers with the churches to fulfill the Great Commission as they reach out to new children and youth every week in a different church. There will be a couple of churches where they will serve for more than week.

West Greeley Baptist Church

CO03

Project Description

West Greeley Baptist has several outreach ministries: Pines-Low income/refugee Kids' Club, Lighthouse Mission food pantry and clothing bank, an annual one-day festival/carnival (Sizzling Summer Festival), as an outreach to the community, as a fund raiser for our mission center (Lighthouse Mission), and as promotion for Vacation Bible School. The Festival is free, but funds are raised by a garage sale. Lighthouse Mission services about 500 low-income families a month. Through the festival, we usually reach 300-400 people, raise several hundred dollars and enroll 100 in VBS. We would like to conduct three evangelistic camps, (which we have never done before) at the church, Pines, and the Light House Mission.

Big Sky Fellowship

MT03

Project Description

We want to host student missionaries in the summer of 2013 and pour our lives into them. We teach relational discipleship and we want to equip and train students to be effective disciple makers. As we model a biblical process, each summer missionary will invest in others in our church and community to help them grow in their walk with Christ. The specific duties will be based on the gifts, talents and passions of the student missionary, but we would love someone with worship experience or student ministry experience to impact these areas of our church. The student missionary will also plug into our summer outreach events such as sports camps, our firefighter shootout, and a clothing exchange.

Ohio Collegiate Ministries – Invigorate Team

OH01

Project Description

Do you want to have an incredible impact on present and future college students this summer? If the answer is "YES!"--you need to apply for the Ohio BCM. Invigorate Team. During the month of June, six individuals will serve as the brain and brawn of a high-intensity innovator group responsible for recruiting, evangelizing, and mobilizing present and future college students across the-- state of Ohio. We will work with different ministries each day--last- year we worked with 20 in a' month. Team members will spend the month reaching out to students via two primary venues. First, team members will work closely with local churches, sharing about the benefits, influence, and long-term impact of Baptist Collegiate Ministry in Ohio, in the United States, and to the ends of the earth. Responsibilities will include: youth retreats, worship service testimonies, preaching, Sunday school teaching, evangelism training, and canvassing--and that's just the beginning. Second, team members will also work on campus statewide to reach lost college students and connect with the spiritually vibrant, Responsibilities will include: evangelistic survey work, personal evangelism, evangelism training, outreach event planning and leadership, discipleship of high school and college students, and collegiate ministry strategic planning. If you like what you see here, please apply. If you have questions, give me a call and I'll connect you with last years team so you know exactly what to expect.

Project Description

The time will be spent serving the needs of tornado victims plus some other benevolent activities. The work related to preparation and extending the services to the needy is very busy at times (restocking, packaging, ordering supplies, picking up supplies, and assisting clients with their needs). Our center provides everything from formula and diapers to depends - food, clothes, cleaning supplies, toys, school supplies, Bibles, and often many other items. During the routine activities we experience God at work - through provisions, meeting needs, providing volunteers, softening hearts and calling us to witness and hold one another up in many ways praising God.

Golden Isles Ministries

GA02

Project Description

Spend MY summer serving God on the beach? If you love sand, sunshine, the ocean and have fun doing day camps, then you should consider summer missions in the Golden Isles of Georgia. Brunswick, St. Simons, and Jekyll island are some of the most popular family vacation destinations for Georgia! This resort ministry setting provides Golden Isles Ministries (GIM) with a variety of opportunities to minister to all different types of people in a variety of ways such as working in mobile home park and apartment communities, building relationships with kids at local Boys and Girls Clubs, assisting local churches, face painting and balloon animal sculpting at the pier, prayer walking, as well as a myriad of creative ministries. The GIM summer staff also works with guest mission groups that come to serve for a week - assisting them in carrying out ministry and encouraging them each day. GIM is looking for students that have strong leadership skills, a heart for lost people, love working with kids, flexible, can share the gospel, possess creative arts skills, and have fun while serving Jesus. Our missionaries have found that abandoned service in the Golden Isles is not only rewarded in a special way but also serves as a catalyst for lifetime missions. Not only will God use them to change lives, but their own lives will be changed forever. Come join Golden Isles Ministries this summer in "glorifying God by meeting needs through selfless service" in Southeast Coastal Georgia.

First Baptist Church of Grand Isle

LA02

Project Description

Grand Isle is an island of approximately 1,200 year round residents. On summer weekends we have several thousand tourists. 80% of the housing is camps--not year round residents. We have a resort ministries emphasis as well as regular church ministry emphasis. Our average Sunday church attendance is about 50 people. Our ministry seeks ways to find connection points with our culture to effectively present the Gospel and do discipleship. Regular church ministries that our missionaries are involved in include the following: planning and leading in 7 weeks of Day camp, assisting in Sunday morning, evening, and State Park church services, teaching Sunday school, helping in the nursery, helping with the van ministries, helping with children's church, youth nights and youth activities, summer Day camp and youth field trips. Our resort ministries involve the following: handing out Gospel tracts at the fishing rodeos (including Tarpon Rodeo, which is the oldest fishing tournament in the US), at the fishing bridge, the campgrounds, and community events such as the Grand Isle Fair. We also do door to door evangelism and beach reach. We use mission teams to assist in these activities as well, so our missionaries have much interaction with teams from various states.

Street Reach Ministries

TN02

Project Description

Street Reach Ministries seeks to provide a practical mission experience for church youth groups while reclaiming our community for Christ. NAMB appointed sojourners, college summer missionaries, and semester missionaries are utilized as "counselors" to facilitate and lead teams of volunteer youth in this reclamation effort. Each appointed missionary is assigned a site and afternoon project for the duration of the summer. Through this assignment, the missionary invests time, compassion, and the love of Christ in that particular area of the neighborhood all summer long. Street Reach seeks to present the gospel message as we conduct Bible clubs, education clubs, sports camps, and community service projects. Students who serve will gain valuable urban missions experience that they can draw from for their lifetime. Students are also given an opportunity to grow in their walk with the Lord through leading Bible studies with youth, sharing Christ with community children and their families.
