

### **BC Mission Boat Society News Release: Moving Forward**

The BC Mission Boat Society (BCMBS) is pleased to announce that Rhonda Kelman has been engaged as our full time Executive Director. Rhonda's work over the last four months as our Interim Director has shown the Board the value of an Executive Director, and the qualifications Rhonda has for this position. Thank you to all who have helped us take this important step in moving forward with our plans to respond to the increasing requests we have from the communities we serve! Your prayers, thoughtful counsel, and generous donations over the past four months have shown us that this is the right time to make this decision. Watch for further announcements in the next months on additional ways you can be part of sharing God's love in BC Coastal communities.
