

BBCP March Newsletter

Reflections February came and went in a blink of an eye. We had holidays and professional days during this month and the time passed very quickly. Students were busy learning about robots, rockets, fairy tales, shadows, zoo animals, and dental health to name just a few!

Our PTO created a wonderful Valentine celebration for our students. The stations were outstanding and the children enjoyed the variety of activities. From the photo booth to the crafts, games, and snacks, the experience was amazing for our preschoolers. We are blessed to have such dedicated, hard-working, and creative parents.

The PTO volunteers will be sending home pictures from the Valentine photo booth and the craft in the next week or so. They are finishing up with the printing of all the photos. An enormous thank you to all the volunteers that worked to make such a special day and memory for students.

For our February outreach project, our students collected change to donate to our local Central Ohio Chapter of The Leukemia and Lymphoma Society. Our precious preschoolers donated \$411.33 to help those fighting cancer!!! The generosity of our BBCP families is amazing. We are so blessed to partner with all of you.

Dr. Seuss Week Monday we kicked off Dr. Seuss Week. Children are enjoying a variety of creative learning activities centered around the imaginative works of Dr. Seuss. We've transformed the preschool into Seussville filled with many beloved Dr. Seuss characters and of course truffula trees. We hope everyone is enjoying the children's wacky outfits, artwork, and the festive atmosphere. We will top off the week with students making and sharing green eggs and ham.

BBCP Cookbook If you have not submitted your recipe for the cookbook, please do so this week! The sooner we get everyone's recipes, the sooner we can get the cookbook published. A small army of parent volunteers have been busy typing and submitting all the delicious recipes online to the publisher we are using to create the cookbook. The cookbook will be professionally printed and bound with a laminated front and back cover. Please stop by the office if you would like to see a sample of the quality of the cookbook we are publishing. We think you will be very pleased.

Another parent volunteer has taken pictures of all the students for the cookbook. We plan to feature each child with his or her recipe. We also plan to include fun classroom pictures throughout the book. Our vision is that this will not only be a cookbook filled with favorite dishes, but a treasured memory book of your child's year at BBCP.

Bubbles Water Safety Program Friday, March 31st Bubbles from the Goldfish Swim School in Dublin will be visiting BBCP. Bubbles and a couple of very smart sidekicks will be sharing with classes about water safety and swimming. The program is a fun and interactive twenty minute presentation on water safety that helps children prepare for and develop confidence in situations where they will be in and around water.

Spring Break This year Spring Break is March 20th – the 24th. We hope you enjoy a relaxing week off with your family and friends. Mark your calendars!

Thank You Notes!

- **Thank you** to all who have volunteered to help with drop off service. Please sign up if you can help out. We appreciate you!
- **Thank you** for sending your little ones in appropriate clothing for heading outside to play. As the weather gets warmer, we hope to be going outside for recess more often.
- **Thank you** for partnering with us in the education of your child. As always, please email any time with questions at bcpmissmichelle@gmail.com.
