Dear parents and students,

The Lutheran Education Association Convocation in Grand Rapids was so worthwhile. I took part in sectionals or whole group keynote addresses on number sense, using literature in reading class, autism, Google Docs, the brain and technology, diversity," we are great because God made us", and more. A highlight was *singing A Mighty Fortress is Our God* with 2500 plus people and the 50 instrument Wind Symphony from Concordia University Chicago. The worship including this piece was a mountain top experience.

Congratulations to Cameron! He has finished reciting all of the multiplication tables. He even did x 11 as extra credit! Everyone else-keep practicing! The entire tables up to x10 are due by October 26. Just one can be recited per day.

Remember that each student's goal is to read about 20 minutes at least 5 days each week. Are you accomplishing that goal? I love hearing about the books you are reading throughout the week.

We have learned three notes in recorder. They are B, A, and G. We practice using the tip of the tongue to separate notes into one count-quarter notes, and two count-half notes. Several students have earned their white Recorder Karate belts and Jonathan has earned his yellow belt. Way to go!

Let us know if you can possibly drive for the field trip on Friday, October 28. The shows at The Temple are always good ones.

In Christ,
