Wedding Packages Contract Philosophy, Terms, Copyright Policy, Pricing, Agreement & Contact Information

PHILOSOPHY & EQUIPMENT

Philosophy

Our philosophy is simple; we believe that photography should be an authentic story, capturing your portrait in the emotion that only the heart can see. The same things that are important to you are important to us. We strive for new creative ideas that will enhance and elevate our artistic style for our clients. Our commitment is, to offer the best of our talents by using digital imaging, with the highest of integrity to capture your photography need.

Equipment

We are 100% digital using only the finest technology in the industry. Most often you will see us using a Nikon and Sony Equipment. Our quality photographs are taken on a Nikon D200 Camera and Sony's DSC-F828 Cyber-shot® digital camera. This Sony camera has a 4 Color System. Sony's Red/Green/Blue + Emerald (RGB+E) system captures color more like human color perception for more accurate and life-like images. Also, our cameras feature the Carl Zeiss® Vario Sonnar® T* Lens. Famous for sharpness and color accuracy, the lens features 12 elements in 9 groups including 3 aspheric elements. Special T* coatings greatly reduce internal reflections for more natural and vibrant images. All images are captured at 8 Mega pixel. Our retouching and finishings are created using Adobe and Aperture.

TERMS

We agree to capture, to the best of our talents, digital images for your portrait. In that we will provide you with the contents of the package you purchase.
