

2012 – 2013 9th – 12th Grade Course Catalog

9th - 12th Grade Full-time Core Curriculum

L.I.F.E. App and Worldview

Legacy Academy approaches spiritual development with a two-pronged approach that addresses the heart through L.I.F.E. App and the head through worldview courses. High school students will discover life applicable Truths as they focus on the humble reTURN to God's will through Legacy's L.I.F.E. App. course. They will also be challenged to define their personal beliefs through Legacy's Worldview classes.

Bible/History/Literature- Whether the focus is ancient, world, or American history, students will holistically study historical periods through the lens of a Christian worldview. Each historical study will also be coupled with literature that correlates to the time period being studied.

Language Arts- Vocabulary, Grammar review, and Creative Writing/Composition are taught using a variety of materials that are grade appropriate. Students will learn the basics of descriptive, definition, informative, narrative, compare/contrast, and persuasive essays. As they progress, students will also be given the opportunity to practice writing timed essays. Vocabulary skills are strengthened with the use of novel studies.

Math- Bob Jones Pre-Algebra, Algebra, Geometry, Algebra II, and Pre Calculus are offered for these grade levels. Calculus will be offered upon demand.

Science- 9th-12th grade lab science courses utilize Apologia curriculum. Core science course offerings are Physical Science, Biology, Chemistry, Physics, and Human Anatomy and Physiology. Additional science courses such as Marine Biology and Environmental Science may be offered as electives.

Core Electives- The following core electives will be offered as part of our full-time core curriculum as they are required to graduate in the state of Georgia: Government, Economics, Physical Education, Health, and foreign language.

Graduation Requirements: College Preparatory Diploma

The graduation requirements of Legacy Community Academy are designed to meet the entrance standards established by the Board of Regents of the University System of Georgia, including all state colleges and state universities. Graduates will be prepared for college, however, more importantly, they will be prepared for L.I.F.E. This page lists all of our required core courses, which are taught with a Biblical worldview. Although every course may not be offered every year, the course catalog gives you an idea of classes you will be able to take during your LCA high school experience.

SUBJECT	CREDITS	SUMMARY
L.I.F.E. App	2	Required every semester for enrolled high school student.
Worldview	2	Required every semester for enrolled high school student.
Mathematics	4	Must include 1 credit each of algebra I, algebra II, geometry and
		one core advanced math course.
Science	4	Must include 1 credit each of physical science, 1 biology, and two
		other core science courses.
Language Arts	4	Must include 1 credit each of world literature and U.S. literature.
Social Studies	3	Must include 1 credit each of world history, U.S. history, economics,
		and government.
Foreign	2	Must be 2 credits of the same foreign language.

The Humble reTURN to God's Will

reTURN offers an opportunity for students to "wrestle" with and through their personal beliefs. This highly interactive class probes the hearts, approaches the hard questions, allows time and space to think and encourages discernment, wisdom and prudence. These goals are accomplished through discussion based on contemporary literature.

CODE: 45.061 CREDIT: ½ H.S. Economics http://www.daveramsey.com/store/kids-teens/-i-foundations-in-personal-finance-i-student-workbook/prod9780981683911CUR.html Eighty-nine percent of teens want to learn how to make their money grow. Yet, for decades, very few schools have provided any type of money-management instruction. That's why we have chosen Dave Ramsey's Foundations in Personal Finance for our state-required economics credit. This life-applicable curriculum was developed and designed by educators to fulfill each of the Georgia state high school standards and benchmarks for the required ½ economics credit as well as the national standards suggested by the Jump\$tart Coalition for Personal Financial Literacy. It is specifically designed to provide students with sound financial principles that will guide them into adulthood in addition to fulfilling the Georgia state objectives for ½ credit of Economics. Dave Ramsey will educate and entertain students as they learn how to avoid debt and build wealth. Physical Education CODE: 36.011 CREDIT: ½ H.S. Physical Education: Fitness and Conditioning This course is designed to give students the opportunity to learn fitness concepts and conditioning techniques used for obtaining optimal physical fitness. Students will learn the basic fundamentals of strength training, aerobic training, and overall fitness training and conditioning. Course includes both lecture and activity sessions.	No text required.			

Mathematics

Legacy Community Academy math courses use a combination of BJU Press and other curriculum from 9th through 12th grade. BJU Press, a solid academic curriculum written from a Christian perspective, utilizes the concept approach, making a thorough understanding of math the primary goal of each lesson. Please note, the unopened tests will be turned into the teacher on the first day of class. Honors, dual enrollment and online AP classes are additional options available to students.

Course: Title, Code, Credit, Pre-Requisites, & Description	Text(s)	Title, Author, Publish, ISBN	Price & Vend	
Algebra 1 CODE: 27.0610 CREDIT: 1 H.S. math PRE-REQ; Pre-Algebra Algebra 1 develops an understanding of algebra by justifying methods and by explaining how to do the problems, emphasizing practical	LOBBRA L	Algebra I Publisher: Bob Jones	\$45.00	НН
methods of solving first and second degree equations and inequalities. The text provides biblical rational for the study of math and introduces basic algebraic skills in a logical order, includes relations, functions, graphing, systems of equations, factoring polynomials, radicals, rational equations, and graphing quadratic functions. The course utilizes word problems, real-life applications using technology, and features probability and statistics interspersed throughout the curriculum.	ALGEBRA 1	Algebra I Tests Publisher: Bob Jones	\$14.50	нн
Geometry CODE: 27.0630 CREDIT: 1 H.S. math PRE-REQ: Algebra I Geometry lays a solid foundation through the introduction of undefined terms, definitions, and incidence theorems. Subsets and measurements	Gaomatur	Geometry Publisher: Bob Jones	\$45.00	НН
are covered. Logic is introduced as a basis for proofs. Proofs focus on congruence, triangles, and quadrilaterals, but also deal with area, circles, spaces, volume, symmetry, transformations, and similarity. The course includes an introduction to trigonometry and interspersed throughout the course are analytic geometry features. The course encourages the student to learn —thinking skills that lead to true comprehension of the presented material.	GEOMETRY 1111 1111 1111	Geometry Tests Publisher: Bob Jones	\$14.50	НН

logarithmic, and trigonometric equalities and function—expanding the concepts learned for graphing and solving linear and quadratic equations, conic sections, probability, statistics, and analytic geometry. The TI-83 Plus graphing calculator is used throughout the year to develop concepts and expand understanding.	ALGEBRA 2	Algebra II Tests Publisher: Bob Jones	\$14.50	НН

CODE: 27.0670 CREDIT: 1 H.S. math

PRE-REQ: Algebra I, Geometry, Algebra II

Pre-Calculus is a continuation of advanced algebra, including trigonometry, polynomials (functions and inverses), equations, and complex numbers, in a course designed to prepare students for calculus. Topics include conic sections, polar 3 graphs, matrices, and statistics. The course concludes with an introduction to calculus through sequences, limits, and derivatives. The TI-83 Plus graphing calculator is used to build concepts and expand understanding of the material. Features on approximation methods are also interspersed.

Science

Except for Microbiology, all 9th - 12th LCA science courses utilize Apologia curriculum. This curriculum is a creation-based science curriculum that is very thorough and is an excellent culmination and progression of rigorous high school work. The texts are taught in an easy-to-understand conversational style from the perspective of Creation and Creator. See www.apologia.com for further information. Please note, the unopened tests will be turned into the teacher on the first day of class. Honors, dual enrollment and online AP classes are additional options available to students.

CREDIT: 1 H.S. Language Arts British Literature: Offers opportunities to improve reading, writing, speaking/listening, and critical thinking skills through the study of literary selections from British/English writers organized chronologically or thematically. Emphasizes developing control in expository writing (thesis support), moving toward precision in personal narrative, descriptive, and persuasive writing. Refines research skills. Integrates grammar, mechanics, and usage into the writing process.	improve reading, writing, thinking skills through the study itish/English writers organized Emphasizes developing control ort), moving toward precision in and persuasive writing.
