# NEVILLE JOHNSON

Bushfire Basecamp, Sheffield, England  
31st October - 3rd November 2012

*"He told me that He was about to light a torch in the UK that will never go out. In this encounter I saw the Lord with what looked very much like an Olympic torch in His hand, indicating that the UK is now positioned for a significant move of God."*

# Meeting Neville

Neville was born in Sunderland, County Durham to Christian parents. His grandfather was a preacher in the Welsh revival and his parents worked with Pastors George and Stephen Jeffreys in the early evangelistic healing movement in Britain.

Large public halls were filled, there were thousands of converts, scores of healings and dozens of churches planted. *"The stories my parents told me about this time were many*

*and in particular the creative miracles had a great impact upon me as a child, miracles of deaf hearing, blind seeing and cripples walking."*

Neville Johnson was born again in the Pentecostal church Hebron Tabernacle in Sunderland when he was 12 years old and felt a call to ministry at the age of 14.

In the 1960s, Neville and his wife and two young children worked on the mission fields in the South Pacific. Neville was inspired greatly by the teaching of TL Osborn in missions work. Furthermore, Neville was powerfully impacted in the early 70s by his first face-to-face encounter with the Lord, during which the Lord commissioned him to a Global Ministry, enabling him to preach in over 40 nations in the following years.

In the mid-90s he conducted an evangelistic crusade on the Pakistan Afghanistan northern border. Neville describes, *"we started the meetings with just over 200 people and ended up with 6000 in a soccer stadium. I saw many miracles such as new eye-balls being created in the sockets of the blind, bodies that had been destroyed by leprosy being healed and totally restored, it was amazing. Over two thousand came to the Lord."*

He recalls at one memorable conference in 2010 in the Philippines, over 12 thousand people were packed into the Manila Astra-Dome stadium, most of them young people.

*"Their passion for Jesus was so strong, they came 3 times a day for 5 days, many of them committing themselves to martyrdom if that was what the Lord wanted."*

Neville strongly feels that the Body of Christ really needs to hear the Voice of God for themselves in order to

survive the coming days. He relates this to Mark 13:22, "for false messiahs and false prophets will rise up and perform signs and wonders so as to deceive, if possible, even God's chosen ones." His teaching series 'Walking with God' is available on DVD or mp3 CD, and gives practical guidance on this.

Neville's visit to Sheffield comes at a strategic time in the history of the United Kingdom. In a recent encounter with the Lord, Neville describes that the Lord Jesus spoke to him about a coming revival to the UK, ***"He told me that He was about to light a torch there that will never go out. In this encounter I saw the Lord with what looked very much like an Olympic torch in His hand", indicating that the UK is now positioned for a significant move of God."***

Neville now lives in Queensland, Australia and ministers to the Body of Christ through Living Word Foundation, facilitating a vision given to him to serve the Body of Christ by providing quality training and supervision.
