

# **Scrip Participation General Policies and Procedures**

## **How it works:**

**Calhoun Christian School Scrip Program is fundraising without selling anything.** We, CCS, purchase gift certificates in bulk for a discount and then we sell these gift cards to you for the full face value of the card. This discount per card can be 1%-15% and sometimes more depending on the retailer. This is how we create revenue for CCS's general fund and for you.

For example: You purchase a Meijer gift card for \$100. You pay the full face value of the card. The discount on that card, because we have purchased in bulk, is 4%. 4% of \$100 is \$4. 50% of that \$4 goes to the CCS general fund and the other 50% goes into an account in your name. The more you buy from the scrip program, the more revenue you create for you and for the school. This is fundraising without selling anything. Making regular household purchases that you would make anyway.
