

From: Gayle Reid Moore 6:44 AM Oct 3, 2012

Please pass this on to your members, in particular, the Prayer Quilt ministry of your church. My good friend, Bobbi Hoch is visiting this week and she brought me a prayer quilt that was prepared for me by the members of this wonderful ministry. I am in chemo for advanced colon cancer and I am SO grateful for the quilt, but especially your prayers. 3 years ago, my daughter, Niki and her son, Reid were also given a prayer quilt prepared and prayed over by your church. Niki had swine flu that developed into ARDS and she was in a coma for over 5 weeks. Her baby was spontaneously born 3 months early while she was in the coma and both lives were in jeopardy. To make a long story short, both were miraculously healed and we just celebrated Reid's 3rd birthday. I believe in prayer!

Special friends of my family in your congregation are the Hoch family, Rick and Rose Hill, KC and Stephanie Larsen and Duncan and Christina Henry.

I have attached a picture of Niki, Reid and I with the quilt. I know it will bring me many hours of comfort during these months of chemo and recovery. Thank you from the bottom of my heart.
