

Sunday School

Sunday School at Calvary Baptist Church serves a broad range of ages and needs. At every age level, opportunities for Bible Study, theological exploration, and spiritual growth are offered. Each class is designed to provide age-appropriate, meaningful and challenging study, good fellowship, ministry opportunity and church involvement.

Children are a priority at Calvary and we are committed to providing the best and most Biblically solid Sunday School available. Children in our nursery are given loving care and attention, so that the earliest experience and memories of church are positive, safe and happy. Preschoolers are taught Bible stories and introduced to ideas about God, themselves, the world around them and relationships with each other using developmentally appropriate methods and materials. Elementary school children are taught Bible skills so that they can better apply Biblical principles to their daily lives.

Youth are challenged to explore all kinds of life issues as it relates to Scripture and to begin to think for themselves about God and faith. Teachers provide a variety of challenging study opportunities and topics designed to address the real life issues and faith needs of youth in today's difficult world.

Adult Sunday School offers a wide variety of options. Adults are not placed in a class on the sole basis of age. There are many different and exciting adult classes that are designed to meet the Biblical needs of our entire congregation. Some classes are pure Bible study, some are topical discussion, and some are taught in lecture style. From time to time, guest speakers and teachers are invited to speak to the combined adult Sunday School. Because of the scope of the needs of people in our church and the variety of class options, we encourage adults to "shop around" for a class that fits their specific needs.

Finding a place to belong in Sunday School is important for a more meaningful involvement in the church. If you want to know more about our Sunday School, please feel free to contact the Pastor Bobby Campbell at your convenience.
