“Friendship is a God thing – it’s his idea” True or False? (Explain)

Talk about some of the best friendships that you have had and why. What was it that stood out that you treasure the most from that friendship?

What are some of the things that you want most out of Life? Where do healthy / Godly relationships rank on that list of priorities?

Name some friendships we see in the Bible that you admire and point out some reasons why.

Read Matthew 22:37-40 and/or Mark 12:30-31

- 1) Once we recognize and come to grips with our greatest commitments to God, how do we express then that love to him according to these passages in Matthew and Mark? (look for more insight from Matthew 25:40,45)

Read Luke 10:25-37

- 2) Put that passage in your own words.
- 3) How are we doing in the context of this story when it comes to our relationship with individuals? And, even further; what does that look like in the body of Christ?

Restate and summarize why our relationship with God as well as our relationships with each other are so vital for the Christian. Share other scripture that you have found in the past that has helped you to understand this priority in your walk of faith.

Finishing up: What has been the biggest challenge for you lately when it comes to setting priorities for the Lord and developing greater Kingdom Habits for yourself?

Pray
