

El Paso Van Rentals and Mexican Vehicle Insurance

Teams are responsible for providing their own transportation to/from El Paso and in México. The Mexican government has issued that busses (this potentially could include "people movers") and RV's/motor homes will not be allowed to enter México. Please understand, they have and will continue to deny entry to these vehicles. Make arrangements to ensure your team has proper transportation to enter into México. We ask that teams use 15 passenger vans and as few vehicles as possible. If you are planning to use a charter bus, you will need to contact the company you are using to find out if they have authorization to cross the Mexican border. If you do bring a vehicle that is denied entrance, you will be responsible for having a backup plan to rent vans.

Van Rentals - Several van rental agencies in El Paso offer a wide variety of rental vehicles at varying rates. If your team is flying into El Paso, or if you are unable to take your vehicles into México, we recommend you call for rentals as soon as possible. Please note that quantities are limited. Double check with the rental agency to ensure that your price includes Mexican Vehicle Insurance. It never hurts to mention that you will be working with Casas por Cristo.

If your group is flying into El Paso, remember to make sure that your arrival times fall within the hours of operation for the van rental agencies. You can arrange shuttle information to/from the airport as you are making reservations.

*We highly recommend contacting Enterprise FIRST. They have guaranteed a rate of \$90 per day (not including the cost of Mexican Insurance) for 15 passenger vans. They also offer a weekly rate of \$540. Please mention Casas por Cristo and code XZ34041. If booking online you will also need our pin # which is CAS. Also be advised that if renting at the airport location there is a 10% airport access fee, if renting at the Dyer location be advised that their hours on the weekends are shorter, and at this time they are closed on Sunday's. *You will need to make arrangements with them on picking up your vans.*

Mexican Vehicle Insurance - It is the law that you have Mexican auto insurance in México. If you are going to drive church/personal vehicles across the border, be sure that you are covered. We recommend that you buy additional insurance (above and beyond your local policy) if you have any doubt. If you have an accident and cannot prove coverage, your vehicle will be impounded. Retrieving impounded vehicles can be difficult, expensive, and time consuming. Tourist insurance is inexpensive and worthwhile. **We recommend Palms Mexico Insurance (800) 666-4778.**
