Thank You for your desire to share Christ's love with a family in need. As you consider stepping out in faith by serving with Casas por Cristo, it is our goal to make this experience as meaningful as possible for everyone involved . . . from your team members to the Mexican family who will be receiving the free gift of a new home.

A Casas por Cristo staff leader will be with you from border crossing to border crossing and will become an integral part of your team. From leading you to your work site where all of your project materials and tools await, to guiding you through the building process, your staff leader will be there to assist you every step of the way.

- Based on the size of your group, we offer two types of projects in Juárez or Acuña, México.
- We welcome groups and individuals of all ages, from multi-generational family groups to high school youth groups to teams of corporate employees.
- Outreach opportunities are available for teams interested in creatively sharing Christ with the neighborhood around the work site.

Beyond Building: This trip is about more than just building a house. While your team will give the gift of a free home to a family in need, your team members will also have the opportunity to be living examples of Christ's love for His people. There is no greater reward than when you are able to pray with your family and give them the keys to their new home.
