

# FOR OUR FUTURE

As we live and minister as the body of Chapel Rock, we want to be a place for broken people to come and receive grace and healing—we want to be welcoming and hospitable, meeting the needs of our community. And to do that, it is imperative we make some repairs and changes in our facility. We have identified three key projects related to this goal:

**1 Roof Repair** - While some portions of our roof have been replaced in recent years, other sections remained untouched. These sections are worn, and now leaking. Repairs will be done to replace the old sections of the roof to prevent damage and preserve our building for the future.

**2 Parking Lot Replacement** - Poor drainage and harsh winters have damaged our parking lot, making it unsafe and frustrating. The lot will be replaced with one that has better drainage and lighting and is easier to plow in the winter. The new lot will also increase the curb appeal of our building to potential visitors.

**3 Repurposing of Ministry Areas** - As we seek to live out our vision of connecting people to God and one another, we want everyone who walks through our doors to feel welcome and safe. As a part of this desire, we will repurpose our existing space to create set-apart and safe environments for our children and students. This repurposing allows us to take a holistic look at how we welcome not only families, but all who participate in Life Groups at Chapel Rock, as well as Discovery Days and other ministries in our building. This project will create a secure, set-apart area for Discovery Days; a welcoming, safe environment for children that is free from distraction and comforting to parents; an updated, dedicated space for youth that will show how valued and integral they are to the church body; and updated spaces with increased accessibility for adult groups.

In addition to these projects, a portion of the money designated for Our Future will be put toward debt cancellation—along with anything above and beyond the project goals. Imagine what kind of ministry we can do to serve the Kingdom when we are unburdened from debt! With all these goals together, our target for Our Future over the next two years is \$1.5 million. We believe God will be faithful!
