"Bringing students to the reality of Christ's love so they will live their lives to the glory of God"

Taking the foundational values of our faith and incorporating them into our every day lives

This month we will be taking a look at our core values as a youth group. These values include **the word, worship, prayer, fellowship, holy spirit, and service**. We will be looking at the day to day life of Christ as well as the disciples and examining how they incorporated them into their lives Sunday through Saturday.

Summer Camp Alternative

I know that some students can't participate in summer camp this year because of a conflict with the dates. I think that summer camp is one of the most important parts of a student's life (yes I said life) and so I would like to offer an alternative camp. I grew up going to a church camp in McCutchenville, Ohio and I have been a counselor there now for many years. It is an amazing week and I am willing to take any students that would like to go July 15-23. Cost is \$150. There is more info in 220. Please contact me if you are interested. Pre-registration is appreciated

Summer Camp Deets

Your student should have brought home a brochure with all of the info for summer camp. If not, yell at them and I will give you some info to hold you over: You will need to fill out and return the required portion of the brochure.

Theme: Rooted (Col 2:6-7)
Dates: August 12-18
Cost: \$235
Registration Deadline:
atleast \$100 deposit by July 8

We have a two fundraisers left. We have our bottle drive at the church this Sunday. We will meet at C3 at 8:15am (welcome to my typical Sunday) We will discuss our plan, divide, and conquer. People start showing up at 8:30 so we will start collecting and sorting and also have a team running bottles back as we go. We will keep this going from 8:30-12:00. At that point we will be done collecting bottles but we might still be running bottles to the different stores. We could probably use a couple drivers for this. Let me know if you are interested.

The following Wednesday, June 20, we will be flying the neighborhood between 10 mile and Frazho, from Carl to Mackinac. We will start this adventure right at 7pm. We will divide into groups and flyer the neighborhood. We could use drivers for this as well.

The following Sunday, June 24, We will be doing the collection of bottles in the neighborhood that we flyered after second service. We could definitely use drivers for this. This will be a much bigger task. I will add the hours the parents put in to their child's hours of fundraising. We will keep a team back at the 220 building for sorting as well. I have no idea how long this will take. Probably about four hours is my guess.

ATTENTION!!!!

There will be no Wednesday night service July 4 due to the holiday and no service Wednesday July 11 due to VBS. Please sign up with your student to help at VBS This year.
