

ASSOCIATION MEMBER PARTNERSHIP

Dear CCLS family,

We want every one of our school families to be connected to the life and mission of a congregation. In fact, our hope is that our families are not simply regular worship attenders; rather, that they are also actively sharing their resources of time, money, and energy in support of the ongoing ministries of the church.

We are thankful for the strong support of our five Christ Community Lutheran School association congregations. Our churches come alongside their member families and make a significant investment by sharing a portion of the families' K-8 tuition burden. It is a partnership for which we are grateful.

In order to receive the subsidized Association Member rate, a pastor from the families' home association congregation must sign this form. The form serves as a reminder of the shared partnership, and must be submitted to CCLS as part of the enrollment process before the member tuition is realized.
