# Escuela Esperanza School of Hope

Christ for the City International (CFCI) has been working in Nicaragua since 2003 coming alongside local churches encouraging them and helping them be more effective in their communities through training, partnership building in the community and prayer support. They have partnered with five small Christian schools in various rural communities throughout Nicaragua providing scholarship tuition assistance as God provides resources. In addition they have provided various learning opportunities for teachers and student assembly programs addressing issues relevant to student needs.
