

## **Aunt Corinne's Favorite**

A lady recently said *Pastor, I know this is wrong, but God is so good to me and so loving, that I feel like I must surely be his favorite!*

It reminded me of my Aunt Corinne's funeral. The grandkids shared their remembrances, and I represented the nephews and nieces. Everyone of us said the same thing... *She loved us all, but I knew I was her favorite!*

For a moment I thought we might see a shouting match, but everyone laughed and realized that precious lady had loved us all so deeply that we each genuinely believed that we **MUST** have been the apple of her eye—her *favorite*.

God loves us like that, only more so. His focus is on every step we take; every word we speak, and every problem that assaults us touches His heart as well.
