

Wednesday Prayer Priority

October 31, 2018

This month we are praying for Families.

Parents

Proverbs 22:6 NASB Train up a child in the way he should go, even when he is old he will not depart from it.

1. Lord we desire of you to equip all parents, even now as we pray, to raise their children the way you would want them raised.
2. We ask you to expose any and all forms of earthly wisdom we are trusting in, instead of divine wisdom originating from you. Give parents heavenly wisdom that comes from above!
3. Give our mothers strength to endure day-to-day challenges. May your strength be made perfect in their weakness. As the world rapidly changes would you prepare them to be relevant mothers geared for such a time as this. May they never feel inadequate. Teach them to lean on you, and never on their own understanding.
4. Raise up fathers in this fatherless generation. May their hearts be called back to their children. Raise up men to stand in the gap left by absentee fathers! We pray for wisdom as they lead, and humility to be led by your Holy Spirit in all that they do.
