Pray for “One”

According to Luke 15, we believe every life is worth being found, every purpose and destiny is worth being reclaimed. Our own personal destiny is worth guarding and protecting. We are called to be agents of reconciliation, compassion, and we are His representatives of peace!

1. Lord, in this fast paced world we live in that is full of distractions, we ask you to help us to slow down:
 - a. To hear you clearly and view you rightly
 - b. To see and value others with your eyes.
 - c. To see “The One” in our own lives and respond with compassion and love.
2. Lord, I am asking you for “The One” in my own life. Would you orchestrate my steps and activities to include **Nicodemus Moments**? Help me to have divine appointments with “The One” you are sending me to so I can explain what it means to be Born Again!
3. Lord, I am asking you for “The One” in my own life. Would you orchestrate my steps and activities to include **Well Moments**? Order my steps so I can be used by your Spirit to direct people to a life connected to the Living Water!
4. Lord, I am asking you for “The One” in my own life. Would you orchestrate my steps and activities to include **Lame Man Moments**? Fill me with faith to believe you for healing and resurrection power to be displayed for your Glory and for the benefit of “The One” you send me to!
5. Help us not to have an “older brother” mentality toward those we feel don’t deserve your love and care. Work on our hearts and give us your supernatural love.
6. We are asking you, Holy Spirit, to move in our church services and in our lives as we have a harvest of “One” testimonies every week.
