

## **THE GIBSON FAMILY**

Chad and Christen, high school sweethearts, have been married for 10 years. Twenty months ago, we welcomed Reagan into our family. After a difficult birth, Christen had to undergo an emergency hysterectomy to save her life and cannot give birth to any more children. At first, we were ok with one child but as time has passed, we have realized something is missing and our desire has grown to add to our family through adoption. Christen's mom was adopted as an infant and thus, adoption holds a special place in our hearts. We have decided it is time. And even more, Reagan loves babies and is ready to be a big sister!

Chad is a dentist who works hard to provide for his family. He loves to spend evenings and weekends at home gardening, biking, cooking, and playing with Reagan. Christen is a registered nurse who works part time so she can spend the majority of her time raising Reagan and keeping the household running. Christen loves to plan parties, read a good book, shop yard sales and antique stores, and bake. As a family, we enjoy vacationing (especially to the central coast), trying new restaurants, playing outside, biking, taking walks, feeding the ducks, and attending our local church.

We are all ready to open our home and hearts to a new baby. The nursery, infant car seat, crib, second high chair and bike trailer are all ready to go! We understand that the great joy a new child will bring us comes only after a difficult decision on your part and means you experience a great loss. This must be such a difficult time. We hope and pray that you would see the abundant love we are so excited to shower on a new child and consider our family and home as the best place for your baby.
