

Group Guide 2/4/18

Series: FORWARD

Message: **#4 MISSION FORWARD**

Start talking:

- What have you thought or been taught about what STEWARDSHIP means?
- Do you think STEWARDSHIP is an important thing? Why or why not?

Start Thinking:

- Think about and contrast what it means to be a GOOD STEWARD of your resources verses a POOR STEWARD of resources. What are the major differences?
- What do YOU have that you know God calls you to STEWARD?

Start Digging:

Read these verses and ask these questions about stewardship

Genesis 1:26-28

- What were we created to steward from the beginning of creation according to Genesis here?
- The part where God says to mankind “*Be fruitful and increase in number; fill the earth and subdue it.*” Do you think that just means “*have babies?*” or is there more to it? Why do you believe that?

Colossians 3:23-24

- How do you see the concept of Stewardship in these verses?
- What does it mean for you to be a good steward of your own WORK? What would that look like? What might you need to change about your attitude towards your work?

Start Challenging:

- How is God calling you to become a better STEWARD? Specifically, what resources do you have that you could steward more wisely to reflect God’s beauty, goodness, and truth?
- How can YOU be a part of helping CCC as a body steward our facility better? List some ways your GROUP can help.

Start Praying:

- Lord, in faith we ask you to walk with us and see that our whole purpose is to steward everything you’ve given unto our management. From our relationships to our property. Give us wisdom and strength to make them reflect YOUR glory more!
- Lord, in faith, we ask that you would be with us as a church body. Help us meet our goals of our Stewardship Team. That we would make our building a place that is more USABLE and APPEALING so that we can move your MISSION forward!!!
