Community Resource Directory

Isabella County 2010-2011

...a Community Action Agency – John Van Nieuwenhuyzen, President
310 W. Michigan Street • Mount Pleasant, MI 48858 • (989) 772-0110
(Michigan Relay Center • 1-800-649-3777 • Voice and TDD)
EightCAP, Inc. is an equal opportunity employer/program.

Auxiliary aids and services are available upon request to individuals with disabilities.

In this directory you will find valuable information for resources in your community. Names and phone numbers of local agencies that provide medical care, dental care, emergency assistance (such as food, clothing, shelter, utility payment assistance, etc.), and other services are included. At the time of this printing all information in the directory was accurate, but it can change at any time.

EightCAP, Inc. 0-5 Head Start includes government funded programs providing services to prenatal moms and children 0-5 years of age. Early Head Start is a 0-3 child development program that is offered to pregnant women, infants, and toddlers. This is a home-based or center-based program, with weekly visits to the home or day care and bi-weekly group meetings for the parent(s) and child/children. Head Start is a preschool program for children ages 3-5 which provides children with a safe environment, nutritious meals, health care, and a variety of educational activities that help prepare them for kindergarten and beyond. 0-5 Head Start is free of charge and serves children whose families are within certain income guidelines and children with certified disabilities. Studies have shown that children in need often start school without the skills and confidence to keep up with their classmates; and as the years pass, their troubles are compounded by doing poorly or dropping out of school entirely. 0-5 Head Start's goal is to close the gap; ensuring children begin school as confident, healthy, and prepared students, thereby increasing their chances of academic success.

Though the primary focus of 0-5 Head Start is the young child, the goals of the program do not end there. The mission of the program is to break the cycle of poverty and help families become and stay self sufficient. 0-5 Head Start recognizes that parents are the child's first and most important teachers and a valuable resource to the community. The program encourages parents to become involved in their child's education. Staff is dedicated to helping meet families' needs. When life's basic necessities are lacking, parenting can be very challenging. 0-5 Head Start assists each family in meeting their needs by using the resources of the family and the community.

www.chp.cmich.edu/bridges

The Bridges Center for Healthy Life Transitions builds linkages between community health stakeholders and the university to foster partnerships for improving healthy life transitions through research, education, and service. If you need assistance with research, field projects, program development, grants procurement or community service referrals, CMU's Bridges Center can help. The activities of the Bridges Center are focused on the needs of underserved, at-risk people during various life stages and transitions. Each phase requires a unique set of skills. Individuals require varying amounts of preparations and resources to be successful and independent in these transitions and stages, including health care, social services, and education. These stages include 1) Infancy/Toddler; 2) Childhood; 3) Adolescence; 4) Independent Living; 5) Parenthood; 6) Mid-Life/Sustaining Others; 6) Late Life/Retirement; 7) Frailty.
