

THE ACADEMY @ CORNERSTONE PRESENTS

Too often our public educational system implies that macroevolution is a proven fact and that creation by an intelligent designer has no intellectual credibility. Nothing could be further from the truth. Our *Origins* class will bring four very capable creation scientists to address the same scientific data as a local, high school textbook but from an intelligent design perspective. Our goal will be to equip parents to discuss with their children what they are learning in school, and to give our young people positive examples of godly men of faith who do good science.

This six-week class is open to middle-school students through adults.

The textbook used in this class is entitled *Biology (Foundation Edition)*: Kenneth R. Miller, Ph.D and Joseph R. Levine, Ph.D (2010 Pearson Education, Inc.)

DARWIN'S THEORY OF EVOLUTION JERRY BERGMAN, PH.D

Dr. Jerry Bergman has taught biology, genetics, chemistry, biochemistry, anthropology, geology, and microbiology at the college level for more than 40 years. He is a graduate of the Medical College of Ohio, Wayne State University in Detroit, The University of Toledo and Bowling Green State University and has earned nine degrees to date. Dr. Bergman has been published more than 930 times, primarily in the science arena, and has consulted on more than 20 scientific text books particularly in the areas of biology and biochemistry. His research has landed on the front page of newspapers across the country several times and has been featured often on the Paul Harvey show among others.

HISTORY OF LIFE CARL WERNER, MD

Dr. Werner received his undergraduate degree in biology in 1983, graduating summa cum laude from the University of Missouri. He received his doctoral degree in medicine that same year at the age of 23. In 1979, Dr. Werner found his beliefs in evolution challenged. Since then he has travelled more than 180,000 miles to nine countries on four continents to investigate evolution. He has visited and photographed fossils and filmed interviews at both classical dinosaur and non-dinosaur fossil sites. He has carried out television interviews with 60 leading evolution scientists including Dr. Don Johanson the discoverer of LUCY, (the alleged "missing link"). He is the author of *Evolution: The Grand Experiment* book series and the executive producer of the television series of the same name, which has played in 70 countries.

EVOLUTION OF POPULATIONS ROBERT CARTER, PH.D:

Dr. Carter currently serves as a scientist, speaker and writer for Creation Ministries International. Prior to that he was employed by the Institute of Creation Research to assist with the GENE project where he created computer programs to analyze human genetic data. The recipient of several fellowships, Dr. Carter received his Ph.D from the University of Miami (2003) in the field of Marine Biology and has done extensive research in the fields of marine ecology and genetic engineering. Along with a colleague, he was involved in developing new protocols for rapid cloning of fluorescent protein genes; patenting and licensing one such gene. In addition, Dr. Carter has experience teaching AP biology, chemistry, physics and electronics in a high school setting.

INTRODUCTION & CONCLUSION DR. DONN S. CHAPMAN

Dr. Chapman has over 40 years of experience as a Senior Pastor, serving the last 13 at Cornerstone Ministries. He is also the host of *Origins*, the thought provoking show supporting Creation on Cornerstone Television. Dr. Chapman received his Doctor of Ministry in 1983 from Fuller Theological Seminary in Pasadena, CA. Dr. Chapman has been awarded the National Clergy Council in Washington, D.C. award for positive moral impact on society as well as the William Wilberforce Statesmanship Award from Life Coalition International for unswerving commitment to the sanctity of life. An avid pro-life advocate, Dr. Chapman continues to serve on boards for organizations related to that cause.

Related books will be available for sale before and after all classes.

Please see the back panel of this brochure for the Origins Class Schedule.

CLASSIFICATION PAUL A. NELSON, PH.D

Paul A. Nelson is a philosopher of biology who has been involved in the Intelligent Design debate, internationally, for over two decades. His grandfather, Byron C. Nelson (1893-1972), a theologian and author, was an influential mid-20th century dissenter from Darwinian evolution. Dr. Nelson received his Ph.D (1998) in the philosophy of biology and evolutionary theory from the University of Chicago. He is currently a Fellow of the Discovery Institute and an adjunct professor at Biola University. Dr. Nelson's scholarly articles have appeared in scientific journals and book chapters. He has also appeared in several films on Intelligent Design.

Academic Level Bible Study Courses

Because of the high level of interest in this class and in order to ensure we have adequate childcare available, we are requiring all children needing childcare be registered for JUMP regardless of whether they have been registered for previous sessions.

WEDNESDAY NIGHT KIDZ JUMP (Birth - Grade 5)

Wednesday nights offer a fun, high-energy, relevant, and Bible-centered environment where our kidz and students can grow and mature in their faith. Cornerstone Kidz JUMP into action by meeting new friends, learning the Books of the Bible, getting creative with crafts and having a blast playing games. JUMP meets every Wednesday night from 7 - 8:15 p.m. Check-in opens at the Children's Ministry Registration Desk at 6:45 p.m. Childcare is provided for children birth - age 2.
