

After God's Own Heart: The Life of David

Lesson 4: Taking Refuge

“A striking thing happened to this word *refuge*. Old Testament scholar J.

Gamberoni has shown that it started out as a very physical word, a geographic word: a refuge is a place to run to. But in the Psalms it ‘lost all its physical and psychological elements associated with flight, gaining in return an exclusive reference to Yaweh (God) in the sense of a fundamental decision for Yaweh over and above anything and anyone else, whether made once for all or actualized in the face of specific dangers and temptations.’”
