

One of the most loving things parents can do for their children is set firm boundaries with them. Boundaries with Kids will help the parents in your group raise their kids to take responsibility for their own actions, attitudes, and emotions. In eight sessions, Drs. Henry Cloud and John Townsend offer tools and insights for bringing order to problematic circumstances and cultivating healthier parent-child relationships in the home.

This leader's guide gives you the clear, step-by-step instructions you need to maximize interaction, support, and insights within your group. Most of the preparation has been done for you—just follow the easy-to-use lesson plan, complete with helpful tips. Because this book includes the full text of the participant's guide, it's the only guidebook you need to track page-for-page with your group.
