

Staff Stuff

We realize that you have much to consider when looking at a ministry opportunity, and it's risky. Not only must you ponder the nature of our Youth Ministry in particular, you must also consider the church in general. What's its overall culture? What is the organizational structure and leadership philosophy? Maybe even more importantly, what are the people like with whom I'll work on a day to day basis?

We value a team approach to leadership. We've worked hard to move away from an isolationist to an integrative approach to ministry. While your focus will be on the Youth Ministry, you will be a full partner on our team, assisting in the larger implementation of our vision.

The staff works hard together; we problem solve together; we have fun together. In short, we genuinely love each other and support one another. We've created an atmosphere of freedom to perform ministry and with that freedom comes tremendous responsibility.

We treasure the time we've had with Keith, but look forward to welcoming our new Youth Minister for the next leg of our journey together. If you want more information about our church and leadership team, please contact me. We are praying for you!
