Daily Details

MONDAY, MARCH 11—KORTRIGHT MAPLE SYRUP FESTIVAL

During this adventure, we will experience a guided tour to discover all there is to know about how maple syrup was collected, made, and used in yesteryears. We even get to taste it! A light hike is involved. Children should dress appropriately for the outdoors. Mud boots are highly recommended!

TUESDAY, MARCH 12—TORONTO ZOO

The Toronto Zoo is Canada's premier zoo that features over 5000 animals in over 460 species from all around the world. With that many animals to spy, your child is sure to find a new favourite. Dress warm on this day. We will be going in and out of different pavilions and facilities! Snow or mud boots recommended.

WEDNESDAY, MARCH 13—SELF-DEFENCE and SWIM DAY

Our first ever, life-skills day. On this excursion, children will be receiving some training in self-defence and swimming. The instructors at Beyond Kung Fu, Inc. will help the children with confidence, discipline, self-control, focus, and anti-bullying techniques while learning a few basic kung fu moves. The instructors at Making Waves Swim School will give us basic swimming instruction through fun games and exercises. The children will also have time for a free swim.

Special items to bring or wear this day:

Track or sweat pants (recommended)

Socks (required)

Swim Suit (required)

Towel (required)

THURSDAY, MARCH 14—COUNTRY HERITAGE PARK

Nestled in the shadow of the Niagara Escarpment near Milton, the Country Heritage Park is a heritage park that depicts agricultural and rural life over the past 150 years. It is located on an 80 acre site and boasts over 30 exhibit buildings and over 20,000 artifacts. We are told that the guided tour that the staff has prepared just for us will be a true crowd pleaser. On this day we might just see a silversmith in action, witness how cows were milked and how butter was churned, how a field was tilled and harvested, and a whole lot more! Snow or mud boots recommended.

FRIDAY, MARCH 15—STEEL PAN MUSIC CAMP AT HOPE

Hope Lutheran Church in Toronto, Cross of Life's sister church, has an amazing array of musicians and singers. Their specialty is the Steel Pans. Each year they hold a one-week music camp in July that attracts over 100 people to learn the fine points of their craft. Well this year, they have allowed us to bring our camp to them so we can experience a one-day intensive workshop with the steel pans! Whether you have a budding musician or not, the instructors at Hope will teach your child the basics of the steel pans and equip them to play a short ditty.
