

GIVE

Forgotten Gifts - Week 2

Introduction

It's easy to forget about or even overlook the people who most of society considers not that important. But by missing the opportunity to give to these "nobody's", we may be missing the opportunity to give to the greatest somebody; Jesus Christ!

Discussion Questions

1. Who was voted most popular in your senior class?
2. Who is the most popular person you have ever met? How did you feel when you met them? How were other's treating this popular person?
3. Do you ever given something or done something for someone that was not very popular or that most people considered a nobody? Share with the group the reason you decided to give?
4. Read [Matthew 25:31-46](#). What does Jesus say about our gifts to the forgotten people, unpopular people, the seemingly "nobody's" of the world?
5. Jesus said that what many consider to be "nobody's", they are actually "somebody's"; and when we give to these seemingly "nobody's" we are actually giving to Him. What do you think you could do today to begin giving back to the many people society has deemed "nobody's"? How can this group help you?

Moving Forward

If you know you are a somebody it's only because somebody gave enough to you when you were a nobody to make you realize that you are a somebody. Jesus Christ has given us more than any other person could give us. When you realize this it will let you know that you truly are a somebody and it will compel you to be actively involved in giving freely what has been given to you. If you are not involved in freely giving what you have been given, maybe today is the day you get involved with one of our strategic partners at Crosspointe Church and start giving to the seemingly "nobody's" all around the globe.

Changing Your Mind - Commit this to memory

[Matthew 25:40](#) "The King will reply, 'Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.'" (TNIV)
