Jen Heers

Director of Children's Ministry
Youth Group Leader

Equipping kids to
know, grow, and
show God's love!

 GRACE CANTON

Volunteer to Help!

We need the help of many loving, committed volunteers to make Grace Kids possible each week. We encourage all parents to become involved in our growing ministry. Our children also love our energetic student leaders. Most volunteers serve twice a month. Talk to the Children's Ministry Director about where the greatest need is and what opportunities there are to get involved with Grace Kids!

Worship

All of our children participate in a period of worship during their regular class time on Sunday mornings.

Illness

Out of concern for all children at Grace Canton, children with symptoms of illness will not be admitted to class. A child's symptoms may include, but are not limited to, a runny nose, fever, or rash. A child with a "clear" runny nose may be permitted at the discretion of the Children's ministry staff.

Restrooms

There are restrooms available in each classroom. For those children that are potty training we ask parents to please take them before class time. Thank you!

Welcome to

New to Grace Canton?

We are glad that you have chosen to make Grace Canton part of your weekend! We know that placing your child in the care of someone new can be stressful, so we do our best to make it a positive experience for you and your child. Each of our teachers and helpers have completed a background check and have been trained to deal with the needs of each age group. Whether you have a newborn or a 5th grader, our volunteers are committed to creating a safe and loving environment for your child.

A Safe Environment

When you enter the Children's Ministry area, you will find a registration table, staffed by one of our Children's Ministry volunteers. At the desk, we register you, your child, and make note of any special needs your child may have. After your family is checked in, they receive an ID tag. You will also notice that all of our ministry staff and volunteers are wearing name tags. When you see ministry workers wearing these tags, know they have been screened and trained to do ministry with your child. Each children's ministry volunteer reports to our Children's Director, Jen Heers, and participates in a regular training to help make Grace Canton an excellent Children's Ministry.

What to expect in our classrooms

Nursery

(Babies & Crawlers, Walkers- Potty Trained)

Grace Kid's nursery room is staffed by people who have a genuine love for babies and toddlers. Our trained leaders are not merely providing childcare—they are seeking to extend Christ's love through attentive care, intentional play, prayer, & music.

Preschool

At Grace Canton, we are committed to helping these children know that they were specially made by God and that He loves them dearly. Through play-based teachings, crafts, games, and songs, your child will learn about Jesus in a way that teaches them church is a fun place to be.

Elementary

(K - 5th grade)

This class is committed to making the teachings of Jesus real. Each lesson centers on either a Bible story or Bible concept. Our curriculum teaches the children the foundational lessons of the Bible with application to their lives today. With weekly interactive lessons, worship music, and age-specific application activities, you will find each lesson will keep your child excited about coming to church to learn about Jesus.

Youth Group

(6th-12th grade)

The youth group meets every Sunday from 6-8 p.m. We use a curriculum that helps youth apply the Bible and its concepts in their everyday lives as they walk the path from middle school to high school to adulthood. We have a time of worship, a group lesson, and then break into small groups for deeper discussions led by a team of volunteers.

Sign-In & Check-Out Procedures

1. Check-in your child at one of the check-in stations using your phone number.
2. You will receive two ID stickers with a unique ID number. Place one ID sticker on your child's shirt. If leaving a bag, place a sticker on the bag. You will keep the second ID sticker with the matching identification number.
3. Sign-out your child at the staffed registration table by scanning the barcode on your ID sticker.
4. Present your ID sticker to the teacher and ask for your child by name.
5. Once your child's teacher verifies you have the matching ID sticker, they will bring you your child, all their activities from class, and any belongings left with them.
