

## WHEN GOD'S PEOPLE FORGET HIM

### PSALM 50

#### Introduction:

No Psalm will be more relevant to any age. The burden of this prophetic psalm will speak to God's people continually because we are always tempted toward formalism in our conduct of worship and hypocrisy in our daily conduct. They are usually found together—one feeds on the other. When our worship loses the ring of reality, the conduct of your life will lose its saltiness. It is all rooted in forgetting God.
