

A White Christmas

Even in the Northland, most of us dream of a white Christmas. Unfortunately, it doesn't always feel like the ones we used to know. The first snowfall of the year is whimsical and carries an element of beauty. But it doesn't take long for the pure white to turn into a dingy grey. Being driven over, pushed around, and walked on; the once beautiful snow becomes stained and stale.

Not much can dampen our view of the birth of Christ quicker than bitterness. This December we will discover the best way to once again be truly fascinated by Jesus' first coming—Forgiveness.
