

Tinder is an online dating app that matches couples according to their physical attraction to one another. In this app, if you find someone physically attractive, you swipe right on their picture, if not you swipe left. Because of this, Tinder is very much based around making snap decisions.

What if instead of diving into relationships, we devoted ourselves to Jesus' plans for them? In this series we'll talk about the importance of making wise, thoughtful, and prayer covered decisions when it comes to relationships. Over the next four weeks we'll discover that God's desires and design for your life aren't intended to kill your joy but to enhance it. "Now seems to yell louder, but later will last longer."

- Based on the book "Swipe Right"
