

# What exactly is eLife3?

The name “eLife3” is loaded with powerful meaning! First, it represents a unique three-fold strategy for creating a dynamic and life-giving gathering of Christ followers here at Evangel. Secondly, it represents our commitment to be engaged in authentic relationships (doing “life” together) with each other. Finally, it serves to keep us focused on our vision statement: “Changing lives... Changing the World!”

“eLife3” is best illustrated using a simple triangle. Each point of the triangle embodies a segment of our ministry strategy. These points are:

- Passionate Spirituality – Our commitment to pursue God.
- Radical Community – Our commitment to grow together.
- Missional Zeal – Our commitment to serve and reach people.

These segments also enable us to reach UP (Passionate Spirituality); reach IN (Radical Community); and reach OUT (Missional Zeal).

Passionate Spirituality is facilitated through our Sunday worship celebration, conferences and other special meetings throughout the year.

Radical Community is facilitated through our “eGroups.” eGroups meet on a regular basis and serve to empower the people of Evangel to build community and genuine spiritual growth. They are designed to be a place of community, belonging, empowerment, and life change.

Missional Zeal is supported and encouraged through the entire ministry as a whole. However, opportunities to love, reach and serve people will be a built-in emphasis offered and encouraged through the joint efforts of our eGroup participants.

We believe that membership in the Evangel family and a commitment to the eLife3 strategy will result in spiritual growth, dynamic relationships, effective ministry and a joy-filled life!
