There is only one church in Hong Kong! Yes there are over 1400 expressions of that church – but the Church of Jesus Christ describes them all. We may have differences in style, language and doctrinal nuances, yet what unites us is infinitely greater than those things.

This will be the 6th year that our international churches have joined together in a Lent initiative to express that unity. And yet, we have always felt that something important was missing.

And so we are delighted to welcome a number of local Chinese speaking churches for the first time. We believe that, whilst this appears a small first step, it is indeed very significant as we continue to build bridges across churches, and seek to build bridges to the community. On that note we have to thank our partners, The Hong Kong Church Network for the Poor, for their enthusiasm and for initiating the community projects that a number of the participating churches will undertake.

As you read a few short verses from Matthew’s gospel and pray for both a local and an international church each day until Easter Sunday, remember you are part of the one church in Hong Kong and that your prayers are important.

Blessings,
The Pastors of the International Churches, Hong Kong

Pray for Hong Kong

Father, we lift up the people of Hong Kong that You have given us as neighbours. We rejoice in the cultural and ethnic diversity in our city. We pray for peace within our borders, with the Chinese government and internationally. We pray for a sovereign move of God in our land (2 Chron 7:14) and that you would have dominions in our community. We pray we would become a ‘Fragrant Harbour’. Amen.
