Why didn’t you talk about the “rapture” or the “millennium” (the thousand year reign of Christ on earth)?

   We believe that the Bible texts which some churches use to create the concept of the rapture (such as I Thess. 4:17), actually refer to the Second Coming of Jesus.

   We believe that the number “1,000 years” (found 7 times in Revelation ch. 20) is not literal but rather is a metaphor used to describe the whole length of time between Jesus’ ascension and His Second Coming.

What happens when a Christian dies?

   We believe the Bible says that when we die, our bodies are buried (and decompose) or cremated, and our souls go to heaven (Luke 23:43 and Phil. 1:23). We call this time of being in heaven with a soul but no body the “intermediate state” of our eternal life.

   We believe that when Jesus returns, and raises our bodies to new life, He will unite them with our souls, and we will live as complete human beings in the new heaven and new earth forever. We call this the “final stage” of our eternal life.
