Healthy Living 101

This is a class you have been wanting so don't miss out! Our physical body is designed by God to be nourished with healthy foods. We all know it but making the necessary changes can be very difficult and confusing. If you are battling high cholesterol, heart disease, weight control, cancer or just want to feel better about yourself and live a healthier lifestyle, please join us as we seek to not just remove the foods you love but to replace them with healthy alternatives. We will work together to make incremental changes so that in relatively short time you will be able to look back and see the many destructive habits exchanged for healthy ones through prayer, education, practice and accountability. Even if you know all the latest research it can be difficult to put into place without the support of others. Can you imagine how much we can accomplish when we come together as Christian brothers and sisters before God? If you are seriously committed to making life long healthy changes, please sign the sheet in the lobby. You will be contacted before the first class. Everyone is invited and you are welcome to sign up a friend. This is not a DIET! For questions, please contact Beverly Anderson or Lynette Nemeth.

Congratulations!

David and Kaye Gentry are the proud new grandparents of **Ella Grace Gentry**, 8 lbs 13 oz, 20 in., born April 9th. The proud parents are Shawn and Sheena Gentry. All are doing well.
