

## A YEAR IN REVIEW

As we reflect upon the last year, we cannot believe it has only been 365 days! We have lived so much, both good and bad, but through it all, it is evident that God has been leading the way. One year ago today, we were still living in the US. We went through a 3 month training program in Costa Rica, then on to Argentina. We found a place to live and the Central District Youth was amazing enough to provide a vehicle for us through STL! When we arrived, we were amazed to see how many doors the Lord opened for us to speak in churches near and far, as well as at youth rallies. We had the privilege of being a part of the formation of over 70 Bible School students. We helped lead the altar times during the chapel and Sunday night services. It was amazing to see God bring healing and restoration to broken dreams in the lives of students with a strong calling into the ministry. We also partnered with a church plant, established in a city with no evangelical church. God has brought people miraculously through the doors. And last, but not least, we found out that we are expecting! What a year.

The previous paragraph has a lot of “we” in it, but that is because those “we” include **YOU!** You had such a huge part in what God has done already through your prayers and faithful partnership. Thank you for making 2017 possible! We are believing in God-sized dreams for 2018 together with you.

We love each and every one of you. We pray your holiday season is refreshing.
