

**YOU WOULD BE HAPPY TO KNOW
HOW GOD HAS ANSWERED YOUR
PRAYERS FOR US IN THESE DAYS...**

Welcome

Ezekiel David Grams!
Ben and Belu's son was born on
May 29th.
He's doing great!

***An atheist friend of one of our students was so moved that he asked: “Would you help me pray that prayer to accept Jesus?” Wow.**

***A blind boy was healed.**

***Half of the 280 students went to the altar to make this commitment: “We are available to God for church planting.”**

**Our students went out into the neighborhood around the school to rake leaves (it’s autumn here) and paint and just serve. One older man began to weep when one of the students gave him a hug. Another said: “You are winning the hearts of the neighborhood.”
So, thanks for praying!**

THIS IS WHAT GOD IS DOING!

He is using our students:

Manuel Alfaro wondered: “What else could happen?” In the hour and twenty minutes before he went up to preach God had done so much. But the Holy Spirit had much more! One married couple went forward and the man was healed of pain in his waist. The pastor said to Manuel: “That man is a leader in the occult.” He was not only healed. He was delivered.

Gonzalo Paredes shared about a woman who has been begging at the train station. She sat in a borrowed wheel chair and could not walk. God healed her eye sight and her legs. He states: “She ran to greet me!”

One more miracle with Gonzalo. A word of knowledge to a young woman only 16 years old. Her father had abused her for three years and forced her to have two abortions. She rejected the concept of God as Father. But God began to heal her heart!

Another miracle Gonzalo mentions during these days: both a mother and her daughter were healed. Cataracts, and hearing impaired and unable to talk. God totally healed her hearing and her eye sight and her sclerosis. Her daughter had been praying for years!

The daughter was healed of lumbago.

SHERRY'S FATHER, KENNETH WILLIAM LARSON

**went to be with the Lord on May 13, 2018
He was 93 years old and he and her mother, Wava, had been
married almost 70 years.**

**He served the Lord with such generosity.
Here Sherry is with her parents at their home.**

PRAISE REPORT:

The kitchen has been totally remodeled and refurbished!

PRAYER REQUESTS

For the 280 resident students in the Classic Program and 135 students in the Intensive Program.

Missionary Heartbeat

By Rocky Grams Spring, 2018

It had taken me a couple of hours to put up most of our newsletters from day one.
They were taped all over the Missions classroom walls.
Nathan and Sherry and I when he was six months old.
Larisa and Ben in so many pictures.
All reflecting the amazing journey we have lived
With not a boring moment.
I read through the letters and Heartbeats and was left pretty moved.
Amazed at God's creative and versatile power
Displayed in so many lives.
Students taken up by the manifestations of the powerful presence of God.
Here was our whole life on display on three classroom walls.
My course was with seventeen Missions major seniors each with a strong call to reach the lost in other cultures.
In cities and towns and a variety of people groups.
These students are hungry for God's presence.
Hungry for revival.
What would their revival look like?
We all feel that it will be different.
The one the Lord has been promising and promising again.
Just today we lived a fresh and amazing move of God.
Tears at the altar and laughter in the Spirit.
Words of knowledge and a vision
And the electrifying touch of the Almighty—our Lord.
One student saw the flag of his city unfurled
In the central plaza and a clock surrounding the flag. He was moved with deep sorrow for the lost in his city.
So overcome by the God's touch as he left the service that he ended up lying prostrate in a rain puddle—
Weeping before the Lord.
His face was being washed by the rain and by his tears.
Fresh testimonies of God's power this weekend.
IBRP graduate Nico Ferreyra preached in chapel today
The message resonated with us all.
Hunger for God's presence.
The main thing is the main thing—seeking God.
Just this weekend he was in a southern city—Rio Gallegos—and preached in seven different churches.
The adolescents he spoke with knew nothing
About Pentecostal power.
Henry, the student who cleans at the Bible School
Shared about the prayer vigil they had on Friday night.
It was slated from seven until two in the morning.
God began to work.
The students sang in the Spirit for two hours.
Then worship and testimonies went on until five in the morning. That's a while. Ten hours is a while.
And I'm sure they were not bored.
This generation is ready to believe for new things
To dream right out of the constricting box.
Social media and video production and choreography and all types of art.
And simultaneous prayer meetings in one hundred and ten cities coordinated via WhatsApp. So much potential!

But it's the same power. God's amazing power.

"The power they had a Pentecost."

I'm all in.

They will soon, very soon, be writing their own newsletters.

Reflecting their own God-given story
