

The Elisabeth Chronicles

Summer 2017

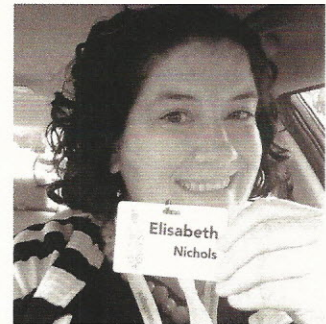

“Speak up for those who cannot speak for themselves...” Proverbs 31:8, NIV

God laid this verse on my heart almost a year ago and just as the verse said, I spoke up for a group of incredibly precious children. And just like that, a dream was born.

On August 16th, I will become the teacher of a class for students with more severe special needs which prevent them from functioning in a “regular” room 100% of the day. My students have, literally, no other schooling option in Senegal. So I don’t take this role lightly.

Prayer Request

* **Financial Needs** - Since I did not get financial assistance from the school, so I’ve had to spend more than I planned on this class. Plus I still need to purchase approximately \$1000 more in supplies, technology, and software.
